Customer Reviews

A great place to start with Spanish. Practice and conversation-focused, as opposed to a classroom-style, boring learning approach. The book offers the most important rules and phrases divided in thematic sections. Studied Spanish for a few years back in high school, but had gotten more than a little rusty. So even if that's not your first exposure to the language, it offers an effective way to systematize your knowledge.

Wow. This is a comprehensive tool for learning Spanish. It covers all the essentials in picking up a language, like verb tenses, pronouns, sentence structure, vocabulary, and idioms--just to name a few. [See Inside](#) for the contents to see that this book covers it all. But it is more than a book. You can also access mp3 files, flash cards, and other resources to help you. And the book is clearly written and easy to read. All-in-all, this is a great tool for learning Spanish. Recommended.

This book is your go to guide if you want to learn Spanish. It has all the information that you need about Spanish. A good self-taught Spanish for beginners, the author offers already proven method of teaching foreign languages, relying on standard phrases and turnovers of travelers. This book will be useful for you in mastering Spanish.

Being a language professional myself, I am always looking for good titles about the languages I work with - Spanish included. I found this book to be very resourceful. It not only presents the language and vocabulary in detail, but also brings many other bonuses that will allow readers to

expand even further their Spanish studies. This is a long book where you will find all the basics of the language and all the vocabulary you need to get to an upper intermediate level.

This is a great book to learn Spanish for beginners. It contains good balance of vocabulary and grammar and after reading it I can even have a simple conversation in Spanish. The book is easy for studying.

This book is truly awesome I want to give this book 10 out of 5. Before getting this book I think this is an ordinary language learning book but after getting this book and read this one now I can feel this book is really awesome to learn Spanish language. This book provide all information that one Grammar book provide all this that we need to learn Spanish language properly. I think it's not only a beginner guideline book it's also helpful for expert. I really like to recommend this book for everyone who wants to learn Spanish language properly.

I'm very happy with the results I'm getting in my effort to learn Spanish.

No audio or flash cards.
