The Americans: Reconstruction to the 21st Century

Actually bought my son's history book so he wouldn't have to carry it to/from school. Ends up - it's one of the most interesting history reads I've seen for a while (as a parent/history nerd).

My son destroyed his copy of this book (chocolate protein drink explosion in backpack)The school wanted \$130 to replace. We ordered and received a very lightly used copy that the school accepted, saving us \$100.If this is your situation, make sure the book code is correct as there are several variations of this book.

This book came brand new and was perfect for what I needed and cheap!!! It wouldn't cost \$300+ if I bought it from my high school

I gave this a 5 star rating because my order was prompt as promised and the book was in excellent condition. I needed the text book for my son's American History class and I needed it quickly. If I

ordered it directly from the publishing company it would have cost me more than double of what I paid. I am very pleased.

This book is used at school, my son uses it. This is a high school book, I took a glance and liked it because it has history about our recent presidents, recent history.

I am pleased that this book came as fast as it did and that the condition was just as expected. It wasn't in perfect shape but we needed it just the same.

Item as described. Perfect for my son to hold a copy of his school text book at home

The book came promptly and in wonderful condition.
