# Indian Ocean Cruising Guide

## Synopsis

A good general cruising guide covering the routes from Europe to Australia and points in between, Indian Ocean Cruising Guide covers all the usual points of interest for cruising yachtsmen, from history to climate, weather patterns, formalities, route planning and so on. The general sections are followed by a country-by-country round up in which key ports are described in detail with the aid of harbour plans and photographs. This second edition has been thoroughly revised and contains a lot of additional information on Malaysia and Thailand, the Seychelles and Chagos archipelago. The introduction has been expanded and throughout there are new plans and photographs. Indian Ocean Cruising Guide is now in full colour. This guide is an ideal companion to Rod Heikell and Andy O'Grady's Ocean Passages and Landfalls which discusses routes across the Indian Ocean.
