Beautifully executed and totally effective! When she rings the gong, I emerge from a deep state of relaxation I had not even realized I had fallen into.

Poor sound quality but good meditations.

Tara Brach has a very gracious way of expressing about common human struggles that is very hopeful and inspiring. What I like about this 2 CD Meditation is that she covers many different human struggles, including anger and being victimized. She also makes a good presentation about what mindfulness is and how it can help.

Tara Brach has a very soothing voice and this has become one of my favorite meditation CDs. As someone who has meditated to Jon Kabat Zinn for years, I would highly recommend it.

I love the topic of mindfulness. This CD is the best and I would give it 10 stars if I could. Tara's voice is very relaxing. I've read mindfulness books and they contain too much information making it's hard to grasp. Tara explains it in 3-4 minute segments that makes it easy to grasp and relate to. And her meditations are lovely and relaxing. .

Doctor Tara Brach's meditation's are excellent. Anyone interested in looking within to understand life's challenges could benefit from these meditations.

Simply beautiful.

The mix of explanation and guided meditations works well. I enjoy listening to her and find this relaxing as well as informative.
