Great book! I recommend it for the person who sincerely wants to succeed and meet other networking entrepreneurs along the way! Great seller!

This book opened my eyes to a whole new paradigm for networking. Now I focus on quality, not quantity, and I love networking. Although I am a pretty social person, this book showed me how you can connect with someone on a deep level for both genuine connection and profit. I love the fact that I actually know how to make a connection! I'm going to implement these strategies immediately. Also, it wasn't just all about the techniques, Cynthia implanted some new beliefs into my mind. I used to be a person that wanted to get something now I'm going to be a person who gives. A person that GIVES VALUE! From this day forward I will deliver more value in the marketplace. I would definitely recommend this to a friends or business partner. Thank you Cynthia!

Excellent book! Each of the 5 steps are easy to understand and implement using the examples and exercises at the end of each step. Reading the book will give you the necessary tools to effectively communicate with others whether you're selling a product, presenting a business idea to investors or how to conduct yourself on a job interview!.....highly recommend to all college students!

This book is about more than giving you tools to thrive in the business world. It is also a guide to helping you thrive in life! We all knew people who are financially wealth but spiritually bankrupt. Cynthia knows how to walk in both worlds. You will not be disappointed!

I recommend that if you're interested in networking you should purchase this book. Awesome read and the 5 steps was very easy to follow. I network daily on my job and this book open my eyes to doing things with more confidence.

A great read. The author gets to the point quickly and tips are provided that can be easily applied in

social encounters even for the timid and/or introvert personalities.

There is no book like it that will break down the fundamentals of how to speed network, for all ages!
