Stan and Jan Berenstain introduced the first Berenstain Bear books in 1962. Mike Berenstain grew up watching his parents work together to write about and draw these lovable bears. Eventually he started drawing and writing about them too. Although Stan died in 2005, and Jan in 2012, Mike continues to create the delightful Bear adventures from his studio in Pennsylvania, in an area that looks much like the sunny dirt road deep in Bear Country.

My children and I absolutely love the Berenstain Bears. However, these newer books are written by their son (I believe) and have a lot of religious references. Instead of the "inspirational" saying / motto in the front, there is a reference to different parts of the bible. As we are not religious (hence I'm not sure how to say what the references are from - ie. New Testament, Psalms, proverbs???) I find it distracting. I do read it aloud with my children and never skip any of the religious references because I feel it's fine for them to hear about in books. I just prefer the original Berenstains Bears

books. Where they had the same message, but did not include religious references in it.

I enjoyed this one. Mike often preaches a bit too often and I don't find it necessary to the degree that he does. But this one was written by Mike and Jan, that would explain to me anyways, as to why it was so well written. The story line is just what the title suggest, about getting involved. And that's what the bear family did when it rained and rained and caused flooding down by the river. A rescue mission was needed and everyone pitched in. This story had a great beginning, middle and at the end, showed how when everyone worked together, they got the job done and everyone was rescued. Ps: I didn't find the text in my book any different in size than my other books. If it was, I had no problem reading the book due to the size of the print.

The Berenstain Bears is a favorite of my granddaughter. In this story the family participates in community service.

Another gare Berenstain Bears Store (we LOVE them!) and fun to have it on my kindle. But the way it was presented (in a two page spread) make it hard to read the small print! And couldn't figure out how to make it bigger... one page at a time would be better.

We pull this down from our shelf often!!!! Great family read!

Not so much fun compared to the old books. The message is good for children , but did not like the story lines.stick to the old Bears.

Berenstain Bear books have always been my children's favorite - now they are my grandchildren's favorite too.

I love reading The Berenstain Bears Get Involved because the Bear family cones together at Chapel in the Woods to help resure families from the flooding. The messages in this book are to get involved in your community and to be helpful and thankful.
