Customer Reviews

Sena Carroz lives in Missouri with her husband, 2 dogs, 2 cats, and a parrot named Captain Jack. She has loved all things art related since she was little. Coloring being a big one she never grew out of. She can usually be found in her favorite chair reading, or doodling some sketches. Look for Sena's other coloring books.

Beautiful pictures!! Sena's books keep getting better and better!! This one is my favorite book. It is for young and old alike. Highly recommend this book!!

Pictures are difficult to see and the paper is not very easy to work with but the art is nice. I guess if I want something different to color I will reach for this book.

Love this book . The pictures are amazing.

I just wanted to show some of the pages from this book to help buyers. :)Color your dreams.

Beautiful book!*UPDATED*I won this book in a contest from the artist and I must say it is even more beautiful in person! The paper quality is good. There are 20 gorgeous mystical, fantasy maidens to color. I highly recommend this book for kids and adults so grab your copy today!As I mentioned I won this in a give away the artist was having during an online event. Long story short I didn't receive the book after a week of being mailed so I contact Mrs. Carroz and let her know. I thought my neighbor had gotten my mail cos she does this sometimes or the post office was just being slow, they are bad for that (was suppose to get it on the 6th and got it today tgec10th). Anyway after I told Mrs. Carroz about what I truly thought had happened she sent me the PDF version because she felt bad that I hadn't received it yet. She didn't have to do that, she didn't do anything wrong on her end, ya know. To me that showed me the type of person Mrs. Carroz really is and shows how much she appreciates her fans. I got the upmost respect for her now as an artist and a person.I added this little story in just so y'all could see what a great lady she is. We already knew what a great artist she is!! I don't know about you but she is the type of artist I want to support.Like I mentioned before this is a gorgeous coloring book and I highly recommend this book for kids and adults alike. I will be getting her other books asap.

I Just Watched a flip- through preview of Sena Carroz's new book. I was beyond intrigued. I loved the way that the mystical characters were brought to life in a way I've never seen. I can see myself lost in this book for hours on a quiet night. Highly recommended!

Just had the privilege of a flip- through preview of Sena Carroz's new book, The Mystical Maiden's Coloring Lounge and what a treat that was. Beautiful drawings with oodles of coloring to do. Can't wait to get a copy of this new coloring book! It gets a full 5 stars from me!!

I hate to give this book of lovely art a poor rating. The listing says 46 pages. In fact there are only 20 images to color making this book not as affordable as we were looking for. I purchased for a coloring club. Unfortunately, we had already pulled pages to distribute when we realized there were not enough pages for participants. What a disappointment. Additionally, the page quality was mediocre. If there were 40 images it would be a fine compromise for the value. I will be contacting for a refund but doubt I will be able to get one since the book has been ripped into individual pages.
