## Customer Reviews

The 100 Prompts in this book includes some good ideas for teachers and regular journal writers. The book could be used by English teachers or creative writers. One idea of the 100, for example, is to imagine yourself as a cartoon character and write about how you would look and sound. It sounds like a fun thing to do with a group. This book would make an excellent complement to my own book of reflective quotes and personal journal writing ideas: Journal: 365+ writing prompts, ideas and quotes to cultivate joy and well-being. I bless Elizabeth for the best of success from one

author to another.
