Customer Reviews

I enjoyed every book of the 15. This shows many aspects of the Amish people, the bad but mostly

the good, happy God fearing, hardworking families. All end happily. You love the Amir books you

will love these. They are not just what what you would expect. Sarah Miller is a well known Amish

writer.

Although I liked the stories, it was hard to ignore the bad punctuation and sometimes wrong words

used. At one point, the person's name changed and then went back again. Also, the author did not

have much imagination; each story seemed to follow the same main theme: an Amish girl who loves

an English man.

I always enjoy reading about life amongst the Amish how they find joy worshiping God an living a

simpler life without modern conveniences. Also liked the continuity of one story leading into another.

I enjoy all aMish books.

Nice, refreshing stories.
