## Customer Reviews

This is a really thick and good size coloring book- it is not cheaply made with only a few pages. When it says "jumbo" - it means jumbo. It goes right along with the Beginner's Bible book, the pictures in both are the same. We love to read the story and then find the matching pictures to color. It adds coloring fun to the stories to make them much more appealing and easier to remember. Our cover came bent up so we just cut out all the pages with a box cutter, hole punched them, and put them in a notebook. Since they follow the book so well I can easily flip to what pages we need to color, and just take them out as we go. The only thing that I do not like about it is that not all of the new stories start a new page, some of the story titles are on the back of the previous page and some of the stories do not have titles towards the end of the coloring book, it's like they kind of got lazy at the ending. But otherwise it is a fantastic coloring book and well worth the price.

This is a really large coloring book. It has some really fun pictures to color. It isn't super high quality. It is more like the lower end coloring books in paper and print type, but it is very big. Mine arrived damaged, which was really annoying since I was sending it as a gift. It is really the nature of a coloring book cover to get damaged, so I'm not too very upset about that and it didn't change the quality of the book itself. My 5 year old really likes the book and it has provided many hours of entertainment for him.

This is the fattest coloring book that I have ever seen, and it is biblical. I haven't seen the children's Bible that it is based on, but the pictures are great. Only 'text' in the volume is the story titles, which I think is awesome as it encourages the reading of the Sacred Text itself... Again, I believe, the biggest 'Jumbo' coloring book I have ever seen, and with nearly 6 grandkids I have seen many coloring books.

I bought two of these Bible Jumbo Coloring Books. I kept one and the other one I gave to a friend of mine to color. We are both happy with them. It's amazing how much stress can be relieved just by coloring in coloring books as an adult. I highly recommend it to everyone.

I bought this coloring book for my youth group to do a coloring night (along with a different coloring book) and they actually liked this coloring book better than the other one and they are in high school! This coloring book is not hard, and the pictures are detailed enough so that the kids were not bored. They stayed engaged in it the entire time and had a lot of fun.

The girl's mom says it's been great for indoor days!

I work with 2-3 year olds at my church, and this is great. It has large pictures, and that's what I need for them. It also covers a large variety of topics for me to work with.

Children love the stories and coloring.
