Lily And The Duke: Sex And The Season, Book 1

Synopsis

Wiltshire, England, 1845 Lady Lily Jameson is thrilled to attend a house party given by Daniel Farnsworth, the Duke of Lybrook, but not because he's the most eligible bachelor in the peerage. Her only interest is his famous art collection, which reputedly includes a painting by her favorite artist, Jan Vermeer. Daniel, duke only by virtue of the untimely deaths of his father and older brother, wants nothing to do with his new duties. He'd rather continue his rakish ways. When he finds the lovely Lily sneaking around the property in search of his art collection, sparks fly. Despite her father's wishes, Lily has no intention of marrying. She wants to travel the world to gain real life inspiration for her painting and writing. And what could be better worldly experience than a passionate affair with the notorious Duke of Lybrook? But circumstances may change the game and the players...and danger lurks, as well.

Best Sellers Rank: #94 in Books > Audible Audiobooks > Romance > Historical #2706 in Books > Romance > Historical #4940 in Books > Audible Audiobooks > Fiction & Literature

Customer Reviews

Well, I have to say this book was a really nice surprise and elegantly written. I've never heard of or read anything by this author, and I bought the book on a whim. But I'm very glad I did. I'm not going to go over the plot, as other reviews have done so. I just want to say that this book was incredibly romantic, very sexy, and very enjoyable to read. Most notable is the fact that the author has created two extremely appealing lead characters. The hero is to die for-- what can I say-- he is probably the hottest hero I've read in ages. Gorgeous, sexy, strong, intelligent, sensitive, a bit naughty, but really, really good to the heroine (in many ways, wink). I think it would be impossible for any woman NOT

to fall madly in love with him (I know I did!). More surprising is the heroine. So well drawn, so multi-faceted. Interesting, intelligent, funny, empathetic, good-hearted but still naughty, sexy, daring and beautiful (If I were a guy, I'd fall in love with her!). As a reader, you really want these two to be together and be happy, and you feel that they are worthy of each other. You feel them falling in love, and it's wonderful. It makes a nice change from so many books I've read lately where the heroines are absolutely awful: either too stupid for words, or selfish, or silly, shallow, vapid, promiscuous, etc. Where I think "there is no way on earth the H would ever have fallen in love with that awful girl." So Helen Hardt, kudos on your book. (there's only one small thing that slightly bothered me- there were a couple of medical things in the book that sounded very implausible-- perhaps author should have researched that a bit).

I love regency romances! This is my first book by this author, and I really liked it. The premise was mildly intriguing - young girl meets young man, then meets him again 8 years later as duke. The heroine, Lady Lily Jameson, was very compelling - pretty, smart, and independent, a modern woman, although sometimes immature during the middle of the story. The hero, Lord Daniel Farnsworth, Duke of Lycroft, was also compelling - handsome, powerful, and charming. They had great chemistry. The storyline was fairly simple, the only conflict provided by Daniel's former lover, fairly trite. The author's writing style was very engaging. I really liked this book, and I'm looking forward to reading Rose & Cameron's story.

I had read the other reviews so I knew that this story was a great romantic one. I wasn't prepared for the hero to be so perfect and for the heroine to be such an accomplished artist with brains. It's not common for books about this period in English history to be filled with erotic events and sex. The descriptions were perfect and I could visualize myself there. Great story, good solid writing and an Author to follow.

I loved this book, Daniel and Lily's story was very well written. I would recommend everyone read this book. I can't wait to read the next book. I really enjoy Helen Hardt writing.

I will start off by saying I have not read anything by Helen Hardt that I did not love. This book is no exception. This was my first time to read a book based in the 1800's, but it is very well written and the characters are easy to fall in love with. Very sexy and sweet.

I've read all of the Steel brothers saga waiting for Surrender. And also the Temptation series now reading book 3 of the Sex and the season. All of Helen Hardy books are outstanding I absolutely thank you Sincerely Charlene Hohmann

She is a very talented author and this book kept my attention the whole time.

Amazing! This is the most incredible love story. I always loved reading stories in this era. The balls, the dresses, the hair, jewelry, and handsome well endowed men are all my favorites. But this book has the greatest love imaginable. Also, this book teaches you how women in this era can be so conniving. What other power besides beauty did they have really. You will absolutely adore this book!
