New Backyard Idea Book (Taunton Home Idea Books)

Synopsis

If you're looking for all the latest ideas in backyard design -- from inspiration to implementation -- here's the only reference book you'll ever need. In this completely revised and updated version of Taunton's best-selling Backyard Idea Book -- you'll find hundreds of fresh ideas and unique solutions for making the most of your outdoor space. From flagstone patios and redwood decks to cozy fireplaces, open-air kitchens, and spectacular garden rooms, the New Backyard Idea Book is full of inspiring color photos and practical advice to help you re-think, re-design and rejuvenate your backyard. And for the children, there are lots of new attractions that go well beyond the backyard swing set, from newfangled slides, forts, bridges and climbing structures to a whole new breed of swimming pool. From small improvements to major projects, here's the ultimate outdoor design book, with lots of creative strategies, new trends and innovative products to help you remake your backyard -- and rediscover the pleasures of outdoor living. If you want to transform your backyard into a more beautiful, functional extension of your home, here's the perfect place to start. ã ã

Customer Reviews

Natalie Ermann Russell is a former editor of Martha Stewart Living. She frequently contributes articles on home design, entertaining, and food to national magazines, including Elle Décor, Saveur, and USA Weekend.

Gave me some ideas, but this book could only be fully utilized by people with big fancy houses and lots of money.

We were looking for ideas for our backyard. We won't be doing the work ourselves, but we need to come up with what we want. So I wasn't looking for a do-it-yourself with step by step instructions. As the title states, we were looking for an idea book, and this one fit the bill. Two thumbs up.

Gave it as a gift. This book is OK for showing some basic ideas for backyard landscaping.

just like buying new , but better price. Great for ideas in the front and back yard to choose from and very clear

I like to look at these different idea for backyard

I was looking for basic design options for a family just starting out in their first home. The idea presented are good, but not what I needed.

But I probably won't be using many of these ideas in my actual backyard. If the price is worth it, then go ahead and buy.

Great book, great condition, uber fast shipping, great price.
