Tort Law And Alternatives: Cases And Materials (University Casebook Series)

Synopsis

This leading casebook covers all major aspects of tort law with expertly edited cases and original text. The principal focus of this book is the law of negligence, strict liability, and no-fault legislation as alternative approaches to compensating the victims of accidental harm and creating optimal incentives for safety. This Edition has restructured the chapter on intentional torts to facilitate its use to start off the course for those instructors desiring to do so. It also includes comprehensive chapters on products liability, damages and insurance, defamation, privacy, and economic torts. Notes and questions following principal cases are designed to supplement students' knowledge about the subject matter of the case and related areas as well as to encourage them to think critically about judicial opinions and tort policy. This Tenth Edition reflects evolving developments in recent case law and legislative activity, as well as materials and commentary ranging from the two current Restatement projects on Liability for Economic Harm and Intentional Torts to continuing tort issues arising from the Internet.

Best Sellers Rank: #13,182 in Books (See Top 100 in Books) #2 in [Books > Law > Business > Torts](#) #112 in [Books > Textbooks > Law](#)

Customer Reviews

This book was required for my class. It is one of the more poorly written casebooks I have come across in law school. The notes after the cases often served more as a confusion point or were unnecessarily long. The cases were edited fairly well with a few exceptions. You will likely need a supplement to use in conjunction with this book in order to understand what is going on.

daughter bought this cuz she's in law school. at first i thought it was a waste of money but she said

it was good. 5/5

Wow, what an INTERESTING book! Great summer reading. Take it to the beach! Take it to the lake! Do bicep curls with it. Would totally recommend to family and friends. Not enough admiralty law though.
