Customer Reviews

A good little guide to a bunch of good little hikes. -- Sequim Gazette

This is an excellent source of information about short hikes near my home and the price of the book is lower than from other sources.

A fabulous book, leading you to easy/attainable hikes into beautiful pristine forest and family entertainment.

I give it a 3 because the trails described are truly short 1 to 3 miles. The audience for this book is families with children. More serious day hikers should use other books.
