The Morrigan's Curse (Eighth Day Book 3)

Synopsis

Adventure, action, and magic collide in the latest installment of the series that School Library Journal called "fast paced and exciting." In the third book of the series that VOYA recommends "for fans of Percy Jackson and Harry Potter," the war over the Eighth Day continues—and there's more at stake than ever before. The battle between Kin and Transitioners that's been brewing for centuries has finally come to a head. The sinister Kin have captured Evangeline's younger sister, Addie, a descendant of Merlin whose presence will allow them to reverse the Eighth Day Spell and free themselves. Addie doesn't realize the full consequences of her cooperation. She's been helping the Kin because they value the strength of her magic—something Evangeline never did. The feeling of power coursing through her veins is impossible to resist. Meanwhile, Riley, Evangeline, and Jax craft a plan to rescue Addie from her captors. But the Kin's unstoppable magic, and a rebellious Addie, force Riley to reconsider whether saving Addie is worth sacrificing everyone who lives in the seven-day week. Jax won't let Evangeline's sister be used as a pawn, so he risks it all in a secret mission of his own. With the Morrigan pushing both sides of the war toward annihilation, Addie must decide where her loyalties lie, while Jax, Riley, and Evangeline confront the possibility of losing Addie to save the world.

Customer Reviews

And so the adventures continue. An abundance of exposition and backstory got this book off to a bit of a slow start for me, and I had some difficulty keeping all of the characters straight initially, but the story itself continues to be riveting... and I'm ready for more. Not only does this book... and this series... abound with adventure, intrigue and a smattering of history and humor, but it also reveals something about human nature. Even if those humans DO belong to families with indelible ties to the days of King Arthur, and have magical abilities that boggle the mind. Some are just as plagued with greed, jealousy, and a thirst for power as many mere mortals. Others also embody honor, kindness, and self-sacrifice. Will some of them continue to be trapped in the Eighth Day... or will the Eighth Day cease to exist, and their destructive powers be unleashed on the unsuspecting world? Its fate, and the fate of the world, may depend on a single young girl. Is she capable of making the right decision? Will she? And after the big battle, is this the end of it? For our sake, let's hope not. Let's hope there will be many more books to come in this series. Highly recommended to young readers. And, um, old readers, too. Like me.

This book is the third in a series and they are all fantastic. The characters make you love them... I'm personally a fan of Tegan Donovan and they're action-packed to boot. Can't recommend this series enough!

This book was great, though I wish there was more. I want more books in this series. It's too good to stop reading.

The third in the Eighth Day series. Things come to a head in this book. The plot is good, the writing excellent.

Better than described.

A great mix of magical lore and emotional character development. Would read again. Large large angelic trex to the public and private sector to the public and private sector to the public and private
