Customer Reviews

My son loves all of these. He is 8 and a video game addict these books keep him reading and laughing for hours. I have to keep getting more because he's going through them so fast which I don't mind even a little. The writing isn't perfect but for an 8 year old I can't say enough good things about these books.

Look, this book is the best so read it. If you have read it you can see why I am saying it. If you haven't read it, read it, you may have a good time reading it. To the ones who think reading is lame and the worst, just try it and you may have a pleasant surprise

Pretty good but this book needs more action the next books have a lot more action. Other than that great book

It was a good book also very funny it might need a little bit more funniness maybe it was great

Awesome way to introduce a series great first book this is gonna make a great series U r awesome

My boys loved this book. And they read the whole book in one sitting. Pretty good for eight-year olds.

This is a great book but do you really expect to get 50 reviews out of it that is a lot of reviews but it is a really good book.

My 8 yr old reads these Minecraft Diary books every night to his 6 yr old brother before they go to bed, for roughly an hour. They can get through one book in about two nights. They LOVE Minecraft, and they adore these books.
