# Key West: A Non-Local's Local Pocketbook Guide

## Synopsis

[Updated May 2017; Please note that this is a smaller-size version of our regular guide and includes black & white pictures; both guides contain the exact same information] We would like to note that this is named the Non-Local's Local Guide for a reason—we typically do not partake in the traditionally touristy restaurants and bars scattered along Duval, so you will not find reviews of these places in this guide. Rather, we like to capture more of the local flavor of the island and visit those places that have more of a laid-back local vibe. Of course, most of us visiting Key West are technically "tourists", so we are not in any way denouncing those places that are packed to the gills with out-of-towners looking for a good time (aren't we all looking to have a good time?). We hope you enjoy your visit to the Conch Republic!

## Customer Reviews

I have visited Key West several times but not for the last few years. I bought this because I was hoping to brush up before I return later this month. It does contain some good information, but I am surprised at places it does not mention (e.g., Pepe's, Mangia Mangia, Camille's). I was also a little skeptical of their decision to include a place in the book yet giving it a bad review because of one single visit that included relatively minor disappointments. In other words, in some cases it is like reading reviews on Yelp.

While it listed a variety of places I was not happy with their reviews. For example, they mentioned Blue Heaven but said it was overrated. OVERRATED?? This is the one place, that if I ever go back to Key West again, I will go there for breakfast, lunch and dinner every day. And another example

was harpoon Harry's. They said the food was greasy. Are they kidding me? Why include them in the book if you're going to berate them? Plus the pictures in the book are low quality and black and white.

Perfect, thank you!

Great

very informative guide to the places you would want to visit and those you might want to avoid.

I help my to plan the different places I wanted to go.

Very handy to take along~!TerrWGrove City, Ohio
