Mustang: Wild Spirit Of The West

Synopsis

Horses were in Annie Bronn's blood. For as long as she could remember, she had been fascinated by the spirited wild mustangs that roamed free throughout the West. So when greedy cattlemen started to round up the mustangs for slaughter, Annie knew it was up to her to save the breed. The true story of Wild Horse Annie's crusade to save the mustangs is inspiring. Readers will cheer her on, all the way to the White House, in her struggle to preserve these beautiful creatures from extinction.

Customer Reviews

Publishers Weekly "A sure-fire block-buster." Bulletin of the Center for Children's Books "Engrossing as a story of the preservation of wild animals and truly moving as a story of a dauntless woman."

So when greedy cattlemen started to round up the mustangs for slaughter, Annie knew it was up to her to save the breed. The true story of Wild Horse Annie's crusade to save the mustangs is inspiring. Readers will cheer her on, all the way to the White House, in her struggle to preserve these beautiful creatures from extinction.

I read this nearly 50 years ago as a child, and it had a profound effect on how I viewed wild horses in America. Now, I am making a gift of this to my grand-niece, who is an enthusiastic 7 year old

reader. It has very nice illustrations, spirited, and anatomically correct (as opposed to cartoonish). They are done in black and white, and I hope that it will also spark her artistic endeavors. Aside from being a good read for a young horse lover, it also shows what people -- and children in particular -- can do for effecting good changes in our country's legislation with compassion.

this is a good book! you feel like your actually in the story. I would recommend this book to everyone

This is one of my childhood favorites. One of those early books that was instrumental in me falling in love with reading !!

I read this book over and over as a kid. It was probably the reason I now love books with strong female protagonists. Excited to share this with my nieces now.

As a child myself, I read all of the horse classics. Now I'm buying them for my great granddaughter, age 11, as she is interested in horses. You can never go wrong with the classics.

This book was pretty good. I was only 9 when I read it, therefore anyone could see that certain parts would interest an adult more than a kid like me. I would personally prefer Brighty of the Grand Canyon or the Narnia series. Still a good book, recommended for young adults more, though.

Beautiful book. In excellent condition. Very pleased with this purchase.

Ms. Henry has such a way with character building, and I love how she builds her stories around fact. This story has loads of heart to it, and is a touching story for kids of all ages. It also discussed legislative process and how anyone has the power to fight for what they believe in and make a difference, no matter where they come from. A must read for any horse-loving child or adult.
