# Peripheral Brain For The Pharmacist 2017-18

## Synopsis

For years student pharmacists have jerry-built a pocket-sized collection of figures and tables containing key clinical information they look up frequently. Many graduates carry their tattered resource along with them right into practice. *Peripheral Brain for the Pharmacist, 2017* arranges approximately 50 core reference materials on lab coat pocket-sized, durable cards. Hole-punched with a metal ring to hold the collection together, *Peripheral Brain for the Pharmacist* means pharmacists and student pharmacists can finally part with their dog-eared, handmade resource. **KEY FEATURES:** Five new reference cards: corticosteroid dose equivalents, OTC medications to avoid in pregnancy, drugs that should not be discontinued abruptly, nutrition rules of thumb, best free online resources for pharmacists Updated reference cards including the 2017 Diabetes Treatment Guidelines and Associated Goals for Adults with Diabetes and the 2017 CDC Immunization Schedules containing key clinical information frequently sought by pharmacists All Internet links checked and updated Organized in color sections to speed lookup of similar information Laminated cards are drilled and shrink-wrapped with a metal ring to hold the collection together

Best Sellers Rank: #24,615 in Books (See Top 100 in Books) #41 in Books > Textbooks > Medicine & Health Sciences > Allied Health Services > Pharmacy #43 in Books > Medical Books > Pharmacology > Pharmacy

## Customer Reviews

Jeanine P. Abrons, PharmD, MS, is Clinical Assistant Professor, University of Iowa College of Pharmacy, Iowa City. She is associate editor, *Journal of the American Pharmacists Association*.

It contains a lot of important information but the page quality is lacking. I've only been carrying it for

about a month with low usage and I already feel like the corner with the hole is going to tear. I'll probably have to tape them soon to avoid losing pages.

Useful and comprehensive!

I am a pharmacy student and I have loved this on my rotations! Very good buy!

Great for fourth year rotations!
