Customer Reviews

This book is not a detailed guide to the Cyclades islands as one might expect. I bought this book thinking it would have loads of information on the island of Santorini but was very disappointed to find only 10 pages or so devoted to the island. In fact the book's title is totally inappropriate. Half the book is devoted to Athens (what's that got to do with Cyclades!) and a quarter to General Info on Greece (History, language etc.) leaving only a quarter to islands coverage (hence the brief descriptions). A waste of money!

Diana has written a witty, informative and grammatically sound tome. Not too much or too little and with a great feel for the place itself. And how could you describe the most emphatic and vivid place on earth? The answer is to do it like Diana does: with knowledge, empathy and a deep understanding of colour, history and human nature. She is the Cyclades to me, and one day I will buy her a drink at a taverna while the sun is setting, and we will discuss our numerous anecdotes that we will share - joyfully, warmly and with great heart!

This book was in the garbage on my third day in Greece. Travel books usually protect you against unscrupulous taverns and hooligans. But this one included a Santorini locale that threw all the underhanded tricks at you: inflated prices and bait-and-switch bar tabs! This book was excellently written, but became useless when I couldn't trust its recommendations for dinner or a night out. If you have it, double-check its recommendations with another travel book. If the other travel book doesn't include the establishment don't go!

I thought Dana Facaros gave just the information we needed to get the most out of our holiday, and because we did spend a couple of days in Athens before we caught the ferry we were glad to find that section there as well. What I most enjoyed were her insights...being of Greek descent myself (my grandparents came from Naxos) I often had to smile in recognition. Other English writers just don't get it quite right. I too would treat her to an ouzaki any night of the week!
