Synopsis

Here's an excerpt of No Limits; if you like this, you will fall in love with the book!

“Sit the fuck down,” she said. “Matter fact, lay the fuck down on the bed with your hands straight out where I can see them. With the gun to my head, she then began cuffing me to her bed posts. “I’ll be back. I’m about to go to my squad car and call this in, fucking pervert. Once she left, I began twisting and turning, desperately trying to slide out of those cuffs, to no avail. I heard her coming back up the steps, so I played cool, deciding that I would have to talk my way out of this. As she neared the door, I said, “Listen, I’m incredibly sorry. I stopped short when I noticed she was butt naked, just standing in the doorway like a stallion. Even though my life may have been on the line, I felt my dick rising. She crawled up my body seductively, gun still in hand. Tapping my shaft with the barrel of the pistol. “Who gave you permission to get hard?” she said, smiling while kissing on my neck. Working her way down to my collar bone, running her tongue along my chest to my navel. She stopped, holding my dick in both hands, “You really do have a pretty big dick. Then she deep-throated it in one fell swoop. Pulling it out slowly, she giggled, “Oops, I’m getting a little ahead of myself. Let me slow down. She sat back at the end of the bed, pulling her panties to the side and began rubbing her clit counter clock wise. “Do you like that?” she asked. “Hell yeah.” “I know you do. I’m looking at how hard I got your cock. You love this shit. She began to pull her breasts out and lick them with her freakishly long tongue. “Wrap that tongue around my dick,” I said. “I see you’re a talker, aren’t you?” she said, standing up on the bed. “Since your mouth is so big, put it to good use and suck on my fat pussy,” she said, as she pulled her panties off. Grabbing the back of my head, she began to grind her pussy on my lips and tongue. Soft sensual moans emitted from her as she moistened. “Damn, your lips are so fucking soft,” she said. I began to tease her, flicking my tongue on her clit slowly, in the same pattern she was rubbing it. “Ohh shit baby, don’t tease me like that.” I kept right on teasing her. “I said, don’t tease me!” she said, grabbing the back of my head and fucking my face. “I’m about to cum!” she said, “Lick my clit real fast baby.” I began slowly, working my way up to full throttle, flicking my tongue as fast as I could. “MMMMMMMM shit! I’m fucking cumming!” she said as she released, her waves splashing on my tongue and chest. “Let me get that up for you, baby,” she said, as she took that long tongue and began to lick my lips. “I bet you want to come on my face now, huh?” “I would like

that. "I bet you would. In due time baby, but for now, let me get that nut up out of that dick." "Aren't you going to un-cuff me?" I asked. "Why would I go and do a thing like that?" she said with a giggle, as she began to pour baby oil on my dick. "I'm going to save you fucking the living shit out of me for next time." Her hands were so soft, not to mention, I looked huge in those small hands. "Mr. Marks, I can't wait to have this thick, long dick in my pussy. I'm almost tempted to give you a sample on the first date," she said with a laugh. She began to stroke it slowly with one hand as she stuck her long tongue in my mouth. I sucked on it a bit between kisses. She began to kiss and bite my neck softly. "Cum for me baby," she whispered in my ear as she began to stroke it faster. How I wished my hands were free so I could palm that nice, round ass! I started to feel my orgasm coming. "Just stroke the tip," I said. "Make that big dick cum for me," she whispered in my ear, as I shot my load everywhere. Just click the link and enjoy! I guarantee a new level of satisfaction, a level where there are No Limits.

I gave it 2 stars because I liked the sub plot behind the book I wish the author would have went more into detail with them. I understand this was an erotic book but every two words they was licking and sucking. I was a little bored and mad every chick had a fat butt like a little more realistic please...anyways I think the author has some untapped talent hidden and should try again with

another book

I loved your book! One piece of feedback...be careful with your apostrophe 's'es. There were numerous instances where you were clearly referring to more than one (s or es), but an apostrophe (possession) was used. Also, there were grammatical and typo errors, for example...was when it should have were.I really liked the character Travis' personality. He wasn't cocky or conceited, and generally seemed to love pleasing women. I really enjoyed the book...it has a similar flavor to Nah'Sun Blaze's stories. Again, great job, but get a new editor.

I am a person who needs mindless time. This read delivered just that. It took me away into the drama of someone else's life. I began reading this text for the sexual stimulation, but found myself being drawn away into the story. The story gave me a step away from my reality into a fantasy world. Just when I thought nothing else could happen, something else happened. When I got the the end of the text, I found myself wanting more. I can't wait for the next book in this series!!!!

Love love it this book it was definitely worth the money, I would recommend all my friends to read this book for an excellent ride! Please support this man

What will quench Trav's insatiable appetite??? These women can't get enough and neither can I. Just reading his actions took me into every single session with him. I need a friend like Trav lol. This is some steamy goodness right here I had dirtier fantasies after this I want to explore myself and take somebody and take somebody along for the ride. Get your rabbits readyyyyyyyyy lol

If you looking for a very SEXY story that gets right to the meat and potatoes then you've bought the right book. I was pissed because I devoured it so fast. I actually did a re-read. I shared the erotic scenarios with my other half and let's just say I had a fun night. I don't want to give away anything from the book because you really need to get down on it if your looking for really hot sex with a little bit of drama. I'm looking forward to book "2". Come on Ross how long you gonna make me wait? Or should I beg!

Love this book though, its an excellent read when you want some excitement in your life.

I'm a fan of erotica and this was a great read. I ordered for my iPad and would enjoy coming home

reading it after work. I hate it wasn't longer because once I finished it I was like what do I read now.
