Such a cute book! A simple, few pictures and few words book for children. The book is a board book

and great for the smaller ones who like to rip paper pages out. I like this book because I love teaching children about the world and want to raise my kids to be loving of everyone and especially aware that girls are special and can do anything. I saw this featured on A Mighty Girl and decided to get it - it was a great purchase. I want to read the rest of this series and try them out! I love all the positive reviews for this book and seeing that others love it as much as I do!

I love this book so much! I bought it for use in my library (I am a librarian) and liked it so much I went ahead and bought it for a cousin who is having a baby girl. The photos are bright and colorful. Each baby is unique and beautiful. Special attention has been paid to really capturing the baby's faces. Babies love looking at other babies! Many countries and ethnicity are represented, every baby will find another who looks just like them.

My granddaughter (five months old) already has the companion "Global Babies" board book--and adores it! Babies love to look at other babies. I bought this so she could see a few new faces, and also because I love the message--girls are important. I know that's easy to swallow in the U.S. of A., but there are still some crazy places out there where girls are second-rate. Let's keep fighting the fight until we're all treated with respect. Great idea, beautiful babies.

My girls love looking at the baby faces in this book! Highly recommend for anyone with young girls (and boys!) as a way to boost self esteem and start making the connection that we are all special even if we don't all look the same.

Babies love to look at other babies and baby pictures, and this book has the added bonus of baby girl power! This became one of my daughter's favorite books after the first read. The pictures of the baby girls are adorable, and I love that I can explore my daughter to different faces from around the world with a short, but inspiring message. Girls can change the world!

I have bought this book for several friends with babies and it has become a favorite with all the recipients! The close-up photographs of other babies' faces fascinates little ones.

A happy and empowering book for little girls

My daughter LOVES to look at other babies. This book is perfect. There isn't much to read. But the

message it sends is nice "girls are wonderful and can do anything" I do make up stories about the various countries the girls are from and that makes it interesting for my daughter. I like that there is a wide and diverse range of countries and ethnicities. This is a great book for your daughter or son :)
