Georgia: In The Mountains Of Poetry (Caucasus World)

Synopsis

This is the first comprehensive cultural and historical introduction to modern Georgia. It covers the country region by region, taking the form of a literary journey through the transition from Soviet Georgia to the modern independent nation state. Georgia's recorded history goes back nearly 3,000 years. The Georgians converted to Christianity in 330 and their Bagratuni monarchy endured for over 1,000 years. The Soviets ruled the region from 1921 but their vigorous repression did little to eradicate the strong Georgian sense of nationhood and under Gorbachev, Georgian independence became inevitable. Nasmyth's lively and topical survey charts the nation's remarkable cultural and historical journey to statehood. Having travelled extensively in the country over a period of five years, Peter Nasmyth is exceptionally qualified to write on Georgia. His authoritative, dynamic and perceptive book is based on hundreds of interviews with modern Georgians, from country priests to black marketeers. Georgia will be essential reading for anyone interested in this fascinating region as well as for students and researchers requiring an insight into life after the collapse of the old Soviet order in the richest and most dramatic of the former republics.

Book Information

Series: Caucasus World

Paperback: 352 pages

Publisher: Routledge; 1 edition (October 25, 2006)

Language: English

ISBN-10: 0415396697

ISBN-13: 978-0415396691

Product Dimensions: 6.1 x 0.8 x 9.2 inches

Shipping Weight: 1.3 pounds

Best Sellers Rank: #3,455,567 in Books (See Top 100 in Books) #22 in [Books > Travel > Asia > Georgia](#) #4190 in [Books > History > Asia > India](#) #7780 in [Books > History > Asia > Russia](#)

Customer Reviews

An enthusiast for his subject, Nasmyth discovers Georgia precisely at the moment of the tiny democratic republic's post-Soviet reawakening. Notable for its hospitality, its wines, its intellectual tradition and a remarkable ability to preserve its national identity under successive occupations, Georgia appeals wildly to the senses even while its people face immense political and economic

challenges. Nasmyth shows how this early Christian kingdom, once nestled between the Russian, Turkish and Persian empires, casts a spell over all those who visit. As he portrays Georgia's regions with descriptions of landscape and customs, Nasmyth also refers to a rich tradition of epic and religious writing and storytelling. While the interviews with people he encounters capture a portrait of Georgia in transition, there is a disappointing reliance on obvious metaphors to reflect the death of the Soviet order: rust, rickety buses, decrepit buildings and prostitution. Likewise, Nasmyth's digressions into the meaning of Soviet history and his occasional personal revelations are superficial and distract from an otherwise strong exercise in observation. Certain reminiscences are rewarding, however: wandering the twisting streets of Tbilisi, or imbibing a cold drink from a sacred pool in ancient cave dwellings. The author's occasional failure to provide profound commentary makes Georgia no less attractive as a destination. 170 b&w photos and illustrations. "All voyages are searches in disguise," says Nasmyth as he opens this disquisition on his travels through the former Soviet republic of Georgia. And at first readers may find this too annoyingly true. Nasmyth concedes that he's partly searching for himself here, and we hear rather too much about him as he weaves together impressions from his travels with the history of the country. But at least he's honest enough to admit it, and readers will learn a lot about Georgia from reading his book, though it's not really a comprehensive cultural and historical introduction, as it's billed. Rather, it is one slightly pushy but still pretty keen-eyed reporter's account of how the country opened up to him, with a somewhat stronger (and certainly welcome) focus on the arts than one typically finds in books of this sort. Nasmyth has been reporting on the Caucasus for 11 years (he currently runs a charity for children in the area), and though more of this material dates from early in his travels than one might like, he does vividly show us a society in flux. Recommended where Soviet/Russian studies, cultural studies, and unusual travelogs are popular. A Barbara Hoffert, "Library Journal" Copyright 1999 Reed Business Information, Inc. --This text refers to the Hardcover edition.

I just returned from my first trip to the Republic of Georgia. I say "first" because my wife and I both fell in love with the place and we are already planning our return. I read Peter Nasmyth's book shortly before travelling to Georgia, and I found it an excellent preparation. Nasmyth's book is largely a report of his own travels in Georgia, first shortly before independence, then just after the brief civil war and also more recently. It doesn't give as much historical and descriptive material as a standard travel book would, and the photos (which Nasmyth took himself) are in black and

white. What comes across most vividly, however, is the Georgian people, and this is as it should be, since, although Georgia has an abundance of natural and historical beauty, it is the people that one falls in love with. Lancelot Fletcher lrf@jag.ge PS. My wife and I returned and are now living in Georgia. Peter Nasmyth's book is still, in my opinion, the best introduction to Georgia, even though the country has changed tremendously since the book was published. Too bad it's so expensive.

I would recommend this to anyone looking for a good price on an essential tool for cooking great food at home. Would make a great gift too! I love it so much, good product with high quality. so good . Nice and valuable.

This is not a travel book. This is, however, an excellent introduction to the country Georgia. As a grad student preparing to write on Georgia, this was a great starting place. You will get a real feel for the country and the recent issues of current events there. Mr. Nasmyth has been blessed with an extraordinary ability to filter through what he's seeing (even drunk!) and spot the trends in a foreign country.
