Let's Go Paris, Amsterdam & Brussels: The Student Travel Guide

Synopsis

Whether you want to walk along the Seine, explore Monet's hidden collection, bike along cheery canals, or take in a burlesque show, Paris, Amsterdam, and Brussels have plenty to offer—and Let's Go's student researchers have found it all for you. Need an affordable place to sleep? We've got you covered (don't forget your sleep sack). Hungry? We'll show you the way to a prix fixe served in complete darkness.

We've hunted down the facts and freebies that students want so you can enjoy these three cities to the fullest, complete with café au lait, cherry beer, and chocolate; lots and lots of chocolate. Grab a copy of Let's Go Paris, Amsterdam & Brussels, and gear up for a European excursion unlike any other. Let's Go publishes the world's favorite student travel guides, written entirely by Harvard undergraduates. Armed with pens, notebooks, and a few changes of underwear stuffed in their backpacks, our student researchers go across continents, through time zones, and above expectations to seek out invaluable travel experiences for our readers.

Customer Reviews

Every summer for the past 50 years, Harvard students have gathered together the bare necessities and set off with nothing but a backpack and some old-fashioned grit. Budget-conscious gourmets, nimble transit-takers, and die-hard bar-hoppers; Let's Go Researchers have the time of their lives, so you'll know exactly how to have the time of yours. As our veterans like to say, it's more a lifestyle than a job. We've done it all; the good, the bad, the

ugly, and the unforgettable;to bring our readers the most candid, witty, and irreverent travel advice available.

We used it for our trip to Amsterdam and Paris. It turned out to be rather helpful. some of the details may need further confirmation due to changes occurred after the book was published.

Too much info - confusing to follow

excellent

Didn't find it helpful. It might be good for some people, but I didn't find that it was what I was looking for.
