ISBN-13: 978-0918684387

Product Dimensions: 8.8 x 11.8 x 0.3 inches

Shipping Weight: 1.2 pounds

Average Customer Review: 4.3 out of 5 stars 4 customer reviews

Best Sellers Rank: #1,041,937 in Books (See Top 100 in Books) #12 in [Books > Travel > United States > Michigan > General](#) #1426 in [Books > Arts & Photography > Photography & Video > Photojournalism & Essays > Photo Essays](#)

## Customer Reviews

Paperback, as pictured; "ABOVE MACKINAC" written on bottom outside edge of pages (am)

Very nice pictorial, shot from the air, hence the title, of the top of northern Michigan. Many nice photos with explanatory text of Mackinac Island, Saint Ignace and Mackinac City, but also very nice shots of other points of interest within fifty miles of the Mackinac area. If you have ever had the pleasure of visiting this exquisite area this is a book for you. The photos are quite good. They bring back pleasant memories for those who have visited and may encourage those who have yet to visit to plan a trip to the region. A beautiful part of the USA and a very nice book to help us celebrate its existence.

Robert Cameron's "Above" series are all fine works, and offer unique glimpses at major cities from a unique perspective. All of his works are primarily photography travelogues, but each offers pithy captions from local experts. "Above Mackinac" is among the best, and offers spectacular aerial photos of not just Mackinac, but all of Northwestern lower Michigan. The book also does a fantastic job of pairing Cameron's photos with historical shots, highlighting changes over the years. Sort of a then-and-now retrospective. Mind you, these are not 35,000-foot government-land-survey-type aerial photos, but rather are lower angle photos taken from a helicopter at perhaps 2,000 feet, so

details can easily be picked out. The colors and landscapes of this glorious region come alive -- partly because many of the photos were taken at the peak of the fall colors. The sights of Mackinac, Sleeping Bear Dunes, Charlevoix and the five-mile long "Mighty Mac" bridge bring back great memories for me anyway. Makes a great coffee table book. My only complaint is that unlike most of his other works, this particular book is not available in hardcover. Enjoy!

I was fortunate to live on Mackinac Island the summer that this book was published and have a copy from The Island Bookstore, signed by both Robert Cameron and Phil Porter. The book is gorgeous, and now that I am planning to return to the island after a five year absence, it is invaluable as I choose lodging and make plans. It effectively captures the beauty and majesty of a very special place and Cameron and Porter's affection for Mackinac Island is evident on every page. For those who hope to visit this magical place or who already hold it dear, *Above Mackinac* is a wonderful journey.

As a relatively small island, Mackinac is almost perfectly suited to Cameron's style. Reading this book is almost as good as a trip to Northern Michigan. Cameron has obtained some of the best color-reproduction craftspeople in the world to print his books, and it shows. These are not your ordinary snapshots. The entire Island is here. If you ever wanted to see something steadily and see it whole, this book is a good place to start.
