Archie (2015-) #1

Synopsis

COMIC SUPERSTARS MARK WAID AND FIONA STAPLES REIMAGINE AN ICON! Change is coming to Riverdale in this can't-miss kick-off to Archie's new ongoing series! Familiar faces return in new and unexpected ways in this must-read #1 issue! As the new school year approaches, you'd think Archie Andrews would be looking forward to classes and fun -- but nothing is as it seems in the little town of Riverdale. But is this a one-off or a sign of bigger changes awaiting for America's favorite teens -- and the entire town? Find out in this exciting and remarkable first issue!

Customer Reviews

Definitely needs to be longer. When did comics become so short? Work it Mark! Oh, and thanks. Lol! Archie and Riverdale needed updating to the 21st century.

Ok time pass... Made the series more contemporary... The art is more realistic.. Lacks the comical humor though... Wait and watch to see how the series goes

Love the new Archie! I can't wait to see the next one! The artwork is more modernised as well as

reminiscent of a classic Archie comic, only more up to date. The characters seem to be up for a more dynamic plot, whereas the double digest resets itself to a default. I am looking forward to see how this one plays out.....

Great old days

I enjoyed it even tho it's geared more towards teen readers , it was still good. I really enjoyed the "new look" of Archie that's what caught my attention in the first place so I bought it , and I'm glad I did too. You see as a bonus they included the very first Archie (1941) published and that was good to see and read too !

This is a great new version of the Archie comics of old they have the same type of drama that came with the original comics. I read them as a young adult and now I'm reading them again go figure the same stuff after 53 years for me LOLOLO I recommend them to the young adults of today to see if they can relate like I did when I was in school. This was a Kindle down load for free with my Prime account thank you

I'm a big fan of Archie comics. I was brought up on them and at one time had dozens of Double Digests. I'm usually quite picky with reboots but this is one I approve of. It stays true to the original characters, their personalities, and their back stories. It's cutely updated for modern times. I also love the art! An enjoyable read for anyone who likes Archie--and even those who've never read the older comics!

I've never been a huge Archie fan, or American comics in general- I prefer manga- but when I saw the new artwork by Fiona Staples, I just had to try reading the new series, so I bought the first 4 issues from the Archie website. The art and coloring is fantastic, and the writing is good too (sometimes a little cheesy). The first issue introduces the main characters and the situation- Archie and his long time girlfriend Betty have broken up because of a "lipstick incident" and the other students are trying to figure out why they broke up and try to bring them back together. The "lipstick incident" isn't explained in this issue, which is a good idea- it's a hook that makes the readers want to read the next chapter. This new version of Archie is definitely different and more modern than the older version- the characters have smartphones, play videogames, etc. The cast of characters are more ethnically diverse, which is great. There's also no advertisements in the middle of the comic to

distract you from the story. My only complaint is that the comic is pretty short- only 22 pages (divided into short "chapters"), a note from Mark Reid, and a few pages of old Archie comics. I also wish Fiona Staples could have been hired to draw for the rest of the Archie issues (she did the art for issues #1-3), but I guess that's not how a lot of American comics work. I'm excited for this new Archie reboot, and can't wait to read the next new issues!
