Paul T. Dansbach serves as Fire Official for the Bureau of Fire Safety, Borough of Rutherford (NJ), where he is responsible for the enforcement and administration of the New Jersey Uniform Fire Code. He has been a member of the Rutherford Fire Department for more than 25 years, and a part time fire instructor for the Bergen County Police and Fire Academy since 1983. Dansbach is a frequent presenter at FDIC, and serves as editorial advisor for Fire Engineering magazine. Michael A. Terpak began his fire service career as a volunteer firefighter with the Singac Fire Co. in Little Falls, NJ. He later became an auxiliary firefighter with the City of Newark Fire Department in 1978, and a career firefighter in 1981 in Jersey City. In 1984, he took a short leave from Jersey City to become a firefighter with the City of New York, only to return to Jersey City where he currently is assigned as the Chief of the 2nd Battalion in the city's Greenville section. Terpak is actively involved with a number of County Fire Academies throughout the state of New Jersey, and

continues to teach and take as many classes as he can. He holds a Bachelor of Science degree in Fire Safety Administration from New Jersey City University.

The questions in this study guide are confusing and poorly written. The answer options are just as confusing. I found two questions where two of the answer options said the same thing with different wording. I would recommend that you save your money and just read the book.

Perfect compliment to book if you are studying for promotional exam. Questions are tough, and make sure you understand what you read.

Great learning tool. Used and referred to it several times. Took classes with Michael Terpak as instructor and have met him personally.
