Customer Reviews

A nice beginner's book on the Civil War with many photographs and diagrams. It was too advanced for our 7 yr old to read but it did give him an idea of what the war was about. It would probably be perfect for a 4th or 5th grader.

An OK book, but just not what I was looking for as I searched for 8th grade summer reading books for my students.

This is a great resource to have in your library if you are a teacher! That is why I got it.

This is an excellent overview and review/introduction to the Civil War, well received by my 4th and 5th grade group

4th grade grandson really enjoyed this book.

Great resource for some down and dirty Civil War facts. Super kid-friendly and packed with pictures/fun side notes. Would recommend!

This book was bent which caused a small tear on the spine. It's paperback, but I expected it to be in better condition.

love it
