# Horseman's Veterinary Encyclopedia, Revised And Updated

## Synopsis

It takes more than horse sense to maintain a healthy horse. A knowledge of veterinary medicine is essential, not only for when emergencies occur but to provide the animal with a safe and nurturing environment that will prevent as many problems as possible. Acclaimed when first published in 1977 and now available for the first time in paperback, Horseman's Veterinary Encyclopedia offers a comprehensive approach to equine health, discussing diseases, unsoundnesses and other problems according to the parts of the horse's body: injuries and lameness; foot and hoof care; parasites; skin and coat care; colic and other sicknesses; dental care; and the respiratory, circulatory and reproductive systems. As a practical handbook for the owner and as a guide to working with the veterinarian and farrier, Horseman's Veterinary Encyclopedia is an indispensable tool for every home, barn, and ranch. The highly acclaimed reference on equine medical treatment and preventive care. It takes more than horse sense to maintain a healthy horse. A knowledge of veterinary medicine is essential, not only for when emergencies occur but also to provide the animal with a safe and nurturing environment that will prevent as many problems as possible. Acclaimed when first published in 1977, and now thoroughly updated with the latest veterinary advances, Horseman's Veterinary Encyclopedia, Revised and Updated, offers a comprehensive approach to equine health, discussing disease, unsoundness, and other problems according to the parts of the horse's body: injuries and lameness; foot and hoof care; parasites; skin and coat care; colic and other sicknesses; infectious diseases such as West Nile virus; dental care; and the respiratory, circulatory and reproductive systems. As a practical handbook for the owner and as a guide to working with the veterinarian and farrier, Horseman's Veterinary Encyclopedia, Revised and Updated, is an indispensable tool for every home, stable, and ranch.

I got this for my friend who will be starting vet school in the fall, and she loved it! She's the horse expert though, not me so I can't comment on the quality of the information within it.

Has alot of information. This is a must for any horse owner

Nice, informative.

Excellent resource!

Great book!

Very good book for any horse owner, or someone involved with horses, to own

It came in the day after Mother's Day, but my wife still loved it. I'd been wanting to get this for her for a while. It is very well put together. We've lent other horse books of ours out to our friends, only to wait a while to get them back, she said this one isn't going anywhere.

AMAZING just what i wanted
