Return Of The Feminine And The World Soul

Synopsis

The feminine holds the mystery of creation. This simple and primordial truth is often overlooked, but at this time of global crisis, which also carries the seeds of a global transformation, we need to reawaken to the spiritual power and potential of the feminine. Feminine qualities belong to both men and women, and they draw us into the depths within us, into the mysteries of the soul whose wisdom is called Sophia. Without the feminine nothing new can be born, nothing new can come into existence. We will remain caught in the materialistic images of life that are polluting our planet and desecrating our souls. We need to return to the core of our being, to where the sacred comes into existence. And the mystical feminine holds the key to this work of redemption and transformation. Over the past two decades Llewellyn Vaughan-Lee has given different teachings on the feminine and the anima mundi, the World Soul. They are compiled here for the first time.

This is one of the most extraordinary revelations of inspired truth and wisdom I have had the profound privilege to read in the past 20 years. In this work of grace and compassion, Llewellyn

Vaughan-Lee helps the spiritual seeker to know in no uncertain terms, that we are brothers and sisters all, that it is possible to imagine the living reality of "On Earth As It Is In Heaven". In the text, there were many startling and synchronous reflections of wisdom that have also arisen from the Beloved within the ground of my own being. This joyous confirmation helps the seeker to know we are not alone, rather we are AL-ONE. There is the work of awakening to be done. Have you heard the call? Will you respond? Will you dare to embrace your own Shadow so that together, we may embrace the Shadow of the world? In this call to Life and Redemption, everyone and everything belongs. Let there be light as we embrace the darkness, Luciat!

This is one of my most treasured books and is definitely in my top 5. With that said, the wisdom and encouragement in this book for women is unparalleled. One thing I find interesting is, sources say by 2020 about 60% of the world's population will own a business. A lot of the business training that I've come across has been very heart-centered, i.e. feminine. It is no longer enough to want to just make money. You have to have a big why and that why must come from your heart in order to keep your integrity. It is 2014, so if you place money over everything or have a corrupt heart, people will find out about you and they won't do business with you. So the return of the feminine is coming back in a major way and I can already see it in the business circles I run around in.

Compassion and nurturing are what is needed most in our world today - although this book sounds like it focuses on women it actually talks about nurturing, compassion, and other soft skills needed desperately in our world today. These skills apply to men as well as women, maybe even more so today - hardline macho just does not cut it!

Everything about this book and about woman emerging as the feminine principle of receiving waiting and being as opposed to do do do do do. I actually shared this book with 5 of my friends because it was so powerful an answer to the times for all women.

This is a marvelous well written book by a very knowledgeable Master on Sufism. Following a slightly different Spiritual Path my Daughter and I thoroughly enjoyed this book and gained a lot of Spiritual Wisdom from this writing. I would recommend this book to any person seeking, a way, to know themselves and to know God.

Llewellyn Vaughan-Lee does an excellent job of detailing how out of balance we are and where that

is leading us in our present time, both socially and in relation to Earth. A very excellent read.

A beautifully written work from talks by Vaughan-Lee. Read it slowly and allow the words to heal you so you can participate in reversing the damage we have caused to our planet. I read some each morning to open my heart. I have bought many copies of this book and given them to women I know will understand him and follow through. The time is now.

Love this man and he "gets it" . Kind, loving, compassionate. I saw him on Oprah and some friends recommended the book also. Lovely all the way through.
