KERI 6: The Original Child Abuse True Story (Child Abuse True Stories)

Synopsis

CHILD ABUSE TRUE STORIES PRESENTS: THE PENULTIMATE VOLUME OF KAT WARD'S SENSATIONAL AUTOBIOGRAPHY! Just months after Kat Ward was vindicated in a high-profile court case brought against her by a British celebrity, readers can now download part six of her fascinating life story. Despite leaving the courtroom with her reputation intact, Kat's inner life was in turmoil, and it was only due to the loyal support and steadfast encouragement of her ever-increasing fan-base that she managed to complete the sixth volume so soon. Following on from the fifth book, in which she lost her identity but somehow found herself a husband, Karin now finds herself in the precarious position of having to move in with her partner's family - a move known to strain even the tightest of marital bonds. But tight bonds are seldom established by those who grew up learning not to trust, and the status of being the only black sheep in a house full of sacred cows eventually takes an irreparable toll on the marriage; forcing the young Karin out of the house and onto the streets. In what might be described as the first truly "grown up" volume in the series, Kat, now in her twenties, is left with no choice but to face the world completely alone. Homeless, penniless, and holding the (not just proverbial) baby, she resorts to begging by the roadside in order to get by. Her desperate search for protection leads her down some dark alleys, and before long she realises the uncomfortable truth: that shelter is a commodity to be bargained for. And with little more than her dignity to bargain with, it is perhaps not surprising that the arms she ends up in are not all tender and loving. In fact, she soon finds she needs protection from the protection itself - a theme all too familiar for readers of the prior books. The woman who was abused her entire childhood now recounts her terror at being subjected as an adult to violent alcoholic rages, false accusations, and even rape at the hands of her sadistic tormentor, who insists on holding her captive. Once again in need of an escape route, she makes a daring bid for freedom. Yet despite coming so close, she falls short and ends up swapping one set of bars for another. **DISCLAIMER:** This is a true story of child abuse. Reader discretion is advised.

Customer Reviews

Another amazing account of the traumatic, yet inspiring, life of Kat Ward. Keri Part 6 starts where Keri Part 5 left off, after she and Vince got married at 18 and had their baby girl, and continues to follow Kat through her mid-20's. This poor girl never seems to get a break! The men in her life never fail to disappoint. And the hatefulness and spitefulness of her mother never seems to end. As her life falls apart - repeatedly - there is no loving family she can lean on for help or support and really nobody in her life to counsel her or guide her. How she continues to find the strength to get back up and fight another day is astounding. To get the full understanding of the storyline and really appreciate the difficulties Kat survived up to this point, you need to read Keri Parts 1-5. Kat's childhood was horrific and the abuse she endured was appalling and inexcusable. Kat is an exceptional writer and you will be pulled into her story and will not be able to put it down. It took me a week or so to read Parts 1-5. I read Part 6 as soon as it came out this week and finished it in a day. Kat's story and her excellent writing skills always leave me wanting more. Although Keri Part 6 just came out a couple days ago, I'm anxiously looking forward to Keri Part 7. Kudos to you Kat for your continued strength and courage as you share your story. I hope you feel the love from your many fans/readers. We are all cheering for you! (Kim Miller)

I had read all the books of this series and gave them 5 star. 4 stars to this for the same reason others claim, the ending. It is too abrupt and one keep wondering about a lot of things. I think because this is a real autobiography it is decision of the author since is her personal matter. Great series of book, very well written and turn paging. It's amazing how this woman's life had been and

how she had been able to recover. So sad this things happen to ruin a person's life. I don't know about her mother, but she got to be mental to the core. A total psychopath. I would recommend this series to people that had pass through similar situations, so they know they are not alone. And to people with a total different better fate, to thank the universe for it.

Of course I loved this book, my sixth by Kat. She has an ability to relate with words! I imagine she is a riot to converse with and I would be ever so honored given that chance. However this is a review of her writings. Another "Well Done Kat" in your column! You truly do have a gift for writing and relating. Given the road blocks glaringly and too frequently tossed in your path, at your heart and head (literally), Karin you have provided reading material that consumes, entices, cracks us up and touches heart strings of all octaves. Please do continue to share. Let those of us who regale you know you are still out there. Let those of us who love you lighten your low self esteem and let those of us abused in some of the same manners (though not nearly as badly, in my own case) feel the breezes of sharing through caring. Write on Kat.... I love having you in my life.

Although Kat apologizes in her forward about having to group several years into one book. This is yet another amazing story she has shared. My prayers go out to people who are victimized in this way each and every day. Kat will open your eyes to a world you never knew existed. Thank you for being so strong and reliving this to share with your readers. God bless you Kat. You may have had a hard life with ups and downs, but writing is your niche, and I am a TRUE fan. Patiently waiting on your next books!

Will Keri Keri Karen ever get her life straight? I'm not sure but seems we need to await Part 7! The poor girl struggles with the memories of the treatment by her mother while growing up that she believes every disgusting thing her mother ever told her. She needed to get into counseling long ago!

I hate cliffhangers!.....

I sure hope there's another book coming. We can't leave mom and baby Standing in the rain. Can we now?

I have just finished reading Keri Part 6 after being thoroughly engrossed from Part 1. What a journey

and what an incredible survivor is Kat Ward! From the beginning it was hard to put down, alternating between tears and laughter (though admittedly not a lot of the latter), hours spent reading until the crack of dawn. Please continue with further books, you are a natural born writer. I hope you can now find contentment and joy in life- you deserve it.
