There is some good information in this book. In a world where books about the Law of Attraction seem to all be the same, I am actually going to walk away with a couple of new techniques after reading this.

I've read so many similar books and have been inspired by quite a few. But this book was above an beyond. I got so excited while reading that I had to get up and move. You can fee the great vibes pulsing out of the pages. It's so simple and so amazing. I already have a good life and was looking to make it great. This book helped me become phenomenal. Before I was finished with the first I ordered all her other books and cannot wait to dive in to those as well. It was so well done, simple, to the point, and inspiring all at the same time. The author did suck a great job that I hope to meet her someday just to shake her hand and say thank you.

Awesome book and super easy read!! They say our "higher selves" place things in our paths so that we find them when the timing is just right. That is the case for me and this book! Thanks for writing this book Linda!!

This book is well put together, step by step reading that builds from basic information to the completion. Do the exercises as you go along and it seems so simple to accomplish. I did and it started working for me.....amazing! Linda West knows what she talks about.

I'm just so grateful and thankful that I found you on youtube and found your books on . This book is way better than the secret. I've have got more out of this book than any manifesting book I have ever read. Now I just need to figure out exactly what I want so I can make my own movie in my mind. Thank you so much Linda for your books and all that you do for us. Many blessing to you!!!

I've seen the movie and read the book "The Secret" but I couldn't put it into practice because I didn't know how. This book goes into details and I'm excited to start manifesting my heart'a desires. Thank you Linda West.

The book really shows some basic steps on manifesting that are actually not available in or explained in any of the books that I have come across. Linda makes it simple on how to meditate and what exactly should be going through meditation.

I love this book.. It really explains the law of attraction and manifesting very well.. I read it in one day then went on to find Linda on youtube and on facebook.. Its a great book.. I highly recommend it, if you are at all interested in learning about the law of attraction, etc.. Great job Linda West!!
