## Customer Reviews

I excitedly ordered the Kindle version to use on the fly with my phone or tablet, but was never able to make it work for the purposes of actually using as we normally use the paper BOW ... the navigation is far too limited ... all it would take to make this an excellent resource is a FULL interactive index so you could actually go directly to the selection needed, not just a broad category.

I've been looking to find this worship resource in an electronic version for several years now, and it has finally arrived! It is an indispensable help to me for planning meaningful worship in the United Methodist Tradition.

love it

Excellent planning material for the Pastor for worship.

Excellent resource for worship...

This book presents a very useful guide to anyone wanting to know more about the United Methodist Church structure and system. I am so thankful for all the information contained here.

arrived on time and as described

Nice to have it in a downloaded format.
