Healthy Hips Handbook: Exercises For Treating And Preventing Common Hip Joint Injuries

Synopsis

END PAIN, REGAIN RANGE OF MOTION AND PREVENT INJURY Millions of people suffer from debilitating hip conditions each year. With Healthy Hips Handbook, you can make sure this doesn't happen to you. This friendly manual outlines the causes for common hip conditions, including snapping hip, IT band fasciitis, osteoarthritis and sciatica. Illustrated with over 300 step-by-step photographs, Healthy Hips Handbook offers easy-to-follow exercises to:

- Build strength
- Improve flexibility
- Hasten recovery
- Avoid future injury

Healthy Hips Handbook also features specially designed programs that keep you from suffering common hip issues (such as groin strain and arthritis) and prepare the body for everything from daily tasks to high-risk sports (such as biking, soccer, jogging and skiing). Follow the approach in this book and you'll be able to quickly get back to being pain free and stay there.

had to go to the doctor for x rays on my hips. he was going to send me to therapy and i pulled this book out of my bag and he was surprised that all the exercises i needed were in there. so i never had to pay a co pay at therapy. saved me money

I needed to strengthen my hips after having arthroscopic hip surgery. This book has some good routines.

Good information on hip rehabilitation.

I used the book in the gym as a reference. I have arthritis, my hips are improving significantly thanks to the exercises recommended based on my condition. Yo utilizo el libro en el gimnasio como referencia. Tengo artritis y mis caderas han mejorado y el dolor ha disminuido significativamente gracias a los ejercicios del libro que estan basados en mi condiciÃfÃ n.

Common hip conditions and anatomy are well explained. The size of the book, the size of the illustrations are perfect, no squinting trying to figure out what to do. Easy and fun to use with different exercise routines for certain sports activities. I would give this book 10 stars!!!!

Is a very good book for hip exercises. I would highly recommend it.

Recommend this book to anyone needing to keep and exercise their hip joints and connective back in shape.

A good book ... not as good as his shoulder book ... but it will give you some ideas and stuff to try
