The Hidden Mickeys Of Disneyland

Synopsis

Walt Disney was fond of saying, "I only hope that we never lose sight of one thing: that it was all started by a mouse." And so it is only appropriate that the mouse is incorporated into nearly every aspect of the Disney parks and resorts. In some cases, Mickey's presence is obvious-as in the Partners statue that stands in the center of the hub at the end of Main Street, U.S.A. But in other cases, Mickey's influence is a bit more hidden. . . .So what exactly is a Hidden Mickey? Quite simply, it's an artistic representation of Mickey that was intentionally placed amid the architecture and design of the parks and resorts. Oftentimes it's the familiar three-circle shape of his ears and head. Other times it might be a profile of his face or a full-body silhouette. Disneyland Guests with keen eyes can tell you that Mickey pops up all over the resort, often in the most unexpected places. With this resort wide scavenger hunt, you'll be guided toward each Hidden Mickey, first with a general hint-if you're up for a challenge-and then with a very specific clue. It's so much search-and-find fun, you might forget about your FastPass reservation for Big Thunder Mountain Railroad!

This is THE Hidden Mickey book to have. It has pictures of the Mickeys and as far as I know it is the only one that does. I had another Hidden Mickey book that described them and told you where to find them, but it had no pictures so I had trouble finding the Mickeys! But with this little book in hand we have a blast searching AND FINDING all of the little gems hidden throughout Disneyland and California Adventure.

Love this book has actual pictures of where hidden mickeys are at. Can't wait to use on my next visit to Disneyland. Will share with family members.

waste of money. while there we never cracked the book open. everything in the book we had already found out when researching our trip.

We bought this book for my kids to look through on the plane trip to Disneyland this fall. When it arrived in the mail I let them look through it and they were enthralled for hours, going through it looking at all the hidden Mickeys. They were getting excited for when we will be going and keep saying how they want to look for the Hidden Mickeys in person. The book is an easy read, pages are nice and thick and glossy, and the photos are high quality. Overall, I am very satisfied with my purchase!

Super excited to read and use this! It's been hot at the park, so I've been avoiding it... can't wait for fall!

Good book with nice pics, but it takes ALL of the fun out of looking for the Hidden Mickeys. I also have the Yellow Hidden Mickey book that makes it sort of a game with hints on where to look. This is our back up book if we cannot find a Mickey.

Annual Pass Holder must have

I took this book with us on our trip to Disneyland / California Adventure. My husband and I hadn't been in 10 years so there were a lot of changes. This book was great to pull out while we were waiting in line. It kept us busy which made the trip even more enjoyable.
