Fire In His Embrace: A Post-Apocalyptic Dragon Romance (Fireblood Dragon Book 3)

Synopsis

There's only one way to tame a dragon. Emma Arroyo knows this. She also knows that the big golden dragon captured by her brother's biker gang is in trouble, and it's all her fault. He followed her scent, and now his life is in danger. She has to fix this, somehow. If she could talk to the dragon, they could form a plan to escape, both of them. But the dragon's mind is wild and full of uncontrollable, killing rage. There's no reasoning with him. There's certainly no freeing him, not when he's like this. But Emma can't leave without him. There's only one way to solve this problem - a mating. When Emma approaches Zohr to claim him as hers, she realizes just what it means to be a dragon's mate, and how much she's in over her head. And she learns how fiercely possessive a drakoni male can be.

I love the world Ruby Dixon is creating in these dragon books. The strong women and humour are some of the strongest parts that I like. In this book she worked on devolving the great bad guy

character in Azar. However, this is Emma and Zohr story. Sacrifice is the base of the story. What he gives up for her and love and what she gives up for him and love. Can't wait for the next addition to the story!

This author is amazingly gifted. I admit some of her story lines are favourable to me then others. I could not put the ice barbarians down I read every book she wrote so far in less the two weeks, I think that was over 15 books. Sigh im going through withdrawal symptoms. The Dragon series is great too but still my second. Thank you for your time and creative mind.

There is something addicting about reading mc's that are completely devoted to each other in that heart squishy *sigh* kind of way. I'm pleased that each dragon had different personalities even though their devotion and love was identical. The world that they live in as the After is well thought out and while on the surface it adds to the drama of the story there are also the underlying truths; what if something like this really happened? Showing humanity's uglier side, ruthless in the strive for survival. On a deeper level it is thought provoking and other times I simply read for the sake of smiling at the affection and love on display. What can I say? I'm a sucker for sappy love love that isn't insta-love but more of a primal knowledge of who complete you

There is only one thing wrong with these books - I read them too fast. So enjoyable and hot. I suppose if they were longer books they might get boring in the middle. But every time I finish one, I am dying for the next one. Emma has been my fav so far.

I loooooove this series!!! I loved Emma independence and Zohr loving ways towards his mate. I cannot wait for Amy story. I was in love with Ice Planet Barbarians but don't like the new direction it is going. For me, I am done with IPB but love me some dragons!!!

Omg I loved Emma's and her dragons book. The story building was amazing. I can't wait for Amy's story. This series keeps getting better and better.

I was looking forward to Emma Zohr's story. Now I want more! I knew Amy would give in. Waiting patiently for Rast story!

I love these books. Each one is better than the last. I kept freaking out for the main characters so

much through this story.
