bought for a piano player and she loves it

I bought this CD almost 13 years ago, and loved every piece of music in it. Not sure why I waited so long to get the sheet music. typical sheet music and the music itself is very good.

I love his music- but it should come with a warning: If you don't have a giant hand-span and nine fingers per hand, don't expect to hit all his notes.

Absolutely love it. Written for solo piano as it says and it's very detailed. Some of the tunes are very difficult to play which I love - none of this watered down rubbish!

The music is at a beginner-intermediate level. I was hoping for a bit more advanced, so I just rank this 'okay.'

Love the pieces!

Especially love Carol Ann & The Giving. Beautiful music.

I bought this as a Christmas present for a friend who has the Michael W. Smith "Freedom" album and loves the music. She loves this book, and all of the songs sound just like they do on the CD.
