Do The Philippines: How To Make Love With Filipino Girls In The Philippines

Synopsis

A No-Nonsense Guide That Shows You How to Meet and Love Filipino Girls in the Philippines Do the Philippines is a travel guide that teaches you how to make love with Filipinas while in the Philippines without having to go to go-go bars or pay for prostitutes. Here's what you'll find inside... How long you should stay in the Philippines to get the best of what it has to offer A thorough analysis of Philippine culture, to better help you bang girls The type of lodging and materials you'll need to maximize the number of girls you sleep with A secret trick that will make gaining entry to the Philippines much easier and cheaper Tips on how to protect yourself from criminals and avoid health problems How to stay in the Philippines while barely spending any money Much of the book is dedicated to the girls. You'll read A thorough description of an average Filipina's body, where I address the stereotype of them being "little brown fucking machines" The best qualities of a pinay's personality that makes her a strong competitor for the world's best kind of girl A complete breakdown of the five types of Filipino girls The kinds of men that Filipinas love, and how you can embody what they want The one thing all Filipinas are looking for in a man, and the one thing they can't stand The book teaches you how to pick up Filipino girls during the day, at night and online. You'll learn Why going to bars and clubs in the Philippines will make you feel like a rock star A detailed overview of Philippine nightlife A foolproof day game strategy that will let you pick up almost any girl you meet on the street A complete guide to using online dating sites to bang Filipinas Why you don't have to worry about competition from Filipino guys How to deal with the games that Filipino girls play How to date a Filipina long-term I wrap the book up with detailed guides on the Philippines' two best cities. You'll read The best city in the Philippines to find a long-term girlfriend or wife (hint: it's not Manila) The easiest bar to pick up girls in the world The best places to meet Filipinas during the day The book is organized into an introduction and five chapters Welcome to the Philippines: An overview of the country, its culture, and logistics The Girls: How they look and behave Game: How to pick them up and sleep with them City Guides: Details on two of the Philippines' most popular cities Final Thoughts: A concise summary of what you just learned Do the Philippines aims to be a must-read guide for any man who wants to make love to Filipinas while visiting the Philippines.

Customer Reviews

Very reasonable and down to earth approach. Well researched and practical for somebody who wants to find a long term girlfriend or wife and who has had enough of such sad places like Malate in Manila or Angeles City. I highly recommend!

Nice quick read for a potential visitor. Good base advice, safety tidbits, and a first-hand snapshot of what to actually expect. Thanks

Good book. Not as much of a sex tourist book as you might think. While there is certainly some sex in it, there is a lot more about meeting and building relationships than just doing the horizontal mambo. He also gets a bit more off the main tourist track by spending time in Davao. The tips on day to day living are also quite useful, the culture there is quite different.

I enjoyed reading this book because I've been thinking about taking a trip to the Philippines sometime in 2016, and it definitely had a lot of useful information for me. It discusses how to interact with the local women (of course), but I found the "City Guides" section especially informative since

it's helping me decide which specific places I should stay in and for how long. Whether you're traveling to the Philippines to meet the local lovely women or just want some helpful information to plan for a vacation there, I highly recommend reading this book as a resource.

This is a long overdue review of Matt Forney's latest book, *Do the Philippines*. He mailed me a review copy of the PDF file in December and I finally got his paperback version of the book a little over a week ago. For months in 2015, Matt had been taunting me with little snippets about the Philippines. What most caught my attention was this article about the strong family oriented culture of the Philippines, as I seek one day to start my own. An excerpt from that article: In the Philippines, women do not identify with each other as a class, nor do they define men as a class. Filipinos and Filipinas see themselves as part of a cohesive whole; one cannot exist without the other. Filipinos are fiercely loyal to their family and friends, wives are devoted to their husbands, and mothers defend their children. The antagonistic gender feminism loved by American women—the feminism of "rape culture, work fetishism and mythological glass ceilings"—would go over as well as a wet fart here. Filipinas can vote, hold down jobs and go to college: feminists have nothing to offer them aside from unhappiness. In a culture where your family is the most important thing in your life, why would anyone side with their sex over their own flesh and blood? "At this point in my life I recognize that the society I live in is quite messed up and most everything I've been taught has been a lie or counterproductive in some manner. The opportunity to date a woman who truly knows how to treat a man, how to treat a husband, how to raise a family, is valuable to me. Though I cannot say for certain that I'd want to marry a Filipina, I can say I'd consider it based on what Matt Forney has told me in his articles and his book, *Do the Philippines*. His book clocks out at a bite-sized 86 pages. It's possible to finish the book in a single sitting (I did). It covers everything from the culture of the Philippines, the girls, how to date them, how to meet them, living expenses, where to go, and where not to go. There's almost no fluff whatsoever and the writing is in Matt Forney's usual manner (funny, informative, and at times thought provoking). Instead of going into the complete nitty gritty like all the other reviews have already done, I'll say this. It's clear to me, reading this book, that Matt Forney fell in love with the Philippines and her women and that he wishes they find love with men who will love them. Do you want a wife who will obey you, cook, clean, and raise children with you, who will love you in sickness and health? Do you not know where to find them? Pick up this book and plan your next

trip to the Philippines now.-T

This book is not your typical tourist guide. Overall I really liked this book. Since Roosh V has stopped producing bang guides there has been a void, and finally that void has been filled by none other than Matt Forney. Forney leaves no stone unturned and is able to go into lush detail and yet get his point across succinctly. Forney is a wordsmith that wastes no words. Everything you need to know about getting there, staying alive, what cities to visit, and getting laid can be found within these pages. I plan on hitting the Phils at some point in the near future and I will be sure to keep a copy on my hard drive. The only thing I wish he had added were a few tales of his adventures, but overall this is a solid work from a strong writer.

Having been to the PI, but never to Davao which this book supposedly focuses on, it was VERY disappointing. While it does provide VERY basic information about the culture, the women, so on it lacks details and specificity. Information regarding specific hotels or apartments, for example or 'how to get around town', etc. In sum, you easily find nearly all the information for FREE with ten minutes of Internet searches.

Garbage about how he has to go to a different country because the women here are disgusted by him. Yawn.
