Not since "Women Who Run With The Wolves" has there been a book that was infused with the mystical supernatural power to touch hearts and ignite souls like Melinda Ribners' stunningly brilliant, highly creative, totally entrancing and life enhancing recent labour of love appropriately entitled: The Secret Legacy of Biblical Women. It should be required reading and learning for any and all men and women of all ages who understand that the imbalance that exists in our broken world requires a healing balm such as this book! It is delivered with an extraordinary artistry, pure genius and compassionate heart. How often do you find a book that moves you so deeply and profoundly that you can't stop reading it, talking about it, wanting to tell the entire world about it and wish it would never end? I thank G!d for this holy-chutzpah infused and gifted author and am

honored and blessed to call her my friend too! Thank you....thank you....thank you dear Melinda for honoring and valuing your voice, your power and your life and in so doing, giving us all permission to do the same! In the words of our teacher of blessed memory, Reb Shlomo would say: "Gevalt"!

As you read, you feel as if you are in the room speaking with these women. Melinda's writing is engaging and dynamic. She asks all the right questions. The depth of the discussion keeps bringing me back to the book - I've read it about 3 times, and each time, I learn more. I've given this book as a gift many times - each time with rave reviews. Thank you for giving us a glimpse of these women's lives and stories by transporting us to their place and time, and allowing us to read as if we are talking with them in real time.

In modern times we might wonder how we can apply The Torah to our lives today; then comes a writer like Melinda who does the work for you and clearly explains certain concepts that are alive and well in our daily lives, and very applicable to us. As a man, I was able to gain insight into how the female archetypes in the Bible are applicable to me and how I relate to women. The most insightful analysis I thought was that of Lilith, every man needs to understand that energy relative to Eve. Thank you Melinda. Amir

The Secret Legacy of Biblical Women by Melinda Ribner is a perfect book. By this I mean if you only could have one book on what it means to be a woman and to find your place in this world today this would be the only book you would ever need. It is so multi-layered and complete it will take me many readings to drain the wisdom down to the last drop. It never fails to astonish me the depths of wisdom, knowledge and understanding G-d is able to pack into just one of His chosen ones. Congratulations to Melinda and G-d ... another great work.

When you read the Bible stories, there is rarely any mention of the wives, daughters or any other women. This book by Melinda Ribner is a series of interviews with the Biblical Women, talking from their perspective of the story. Their voices are finally heard. What I liked was that Melinda's background as a counselor comes through during the interviews. Much thought went into these dialogues. This is a great read.

Once again Mindy brings her knowledge, experience and wisdom to the written palate of the art of words and their connection to each of us. Her ability to make real the women of our Tanach, our

historical narrative is both touching and deep. I recommend Mindy's Book for women's learning groups.

Did you ever want to get into the hearts, souls and minds of the Biblical women? Would you like to delve deeper into their spirituality, awareness, sense of purpose? Are there any life changing lessons and values they can impart to you? Be inspired as Melinda Ribner "interviews" Eve, Sarah, Rebecca, Rachel, Leah, Zilpah Bilha, Dina, Miriam, Batya, Chana and Esther in the groundbreaking book THE SECRET LEGACY OF BIBLICAL WOMEN. The archetypes, stories of their inner paths, are, to me, like the white letters of fire surrounding the black letters. Heart to heart, you will see these women who shaped our Jewish history come alive. The Tenach, midrash, the zohar and the insights of the author are woven into a text that is often experiential. I bought a copy for a friend... we are going to study it online together. Eventually, I hope to share it with another friend, and then another. I highly recommend the book for all Jews, regardless of gender and believe many gentiles will be very moved by the book. It is a milestone for revealing the deep spiritual powers of the Torah of the Mothers.

A work of genius. Extremely deep teachings brought down in a simple and understandable manner, without losing potency.
