Customer Reviews

My eight year old loves this series. He also likes A to Z Mysteries, Boxcar Children, and the Action

Bible so if your kid likes any of those, this series is a great bet. I like how it goes through related topics, such as this one, which focuses on the Wisdom of Solomen. Another in the series focuses on the 10 Commandments, and another on fruits of the spirit, and so on through the series. If anyone wants chapter names, let me know in the comments! I also noticed the description for this is missing at this time, so here's the official description: Join Bill the Warthog, the world's best (and only) warthog detective, on his next adventure, in *The Bogus Mind Machine*, the fifth book in the Bill the Warthog Mystery Series. Bill, with the help of longtime sidekick, Nick Sayga, and a new friend, newspaper owner Kayne Foster, will lean on the Wisdom of Solomon to solve some of the strangest cases of his career: ants that follow orders, a giant chicken, and a little purple man from outer space!

I haven't read these personally, but my 3rd grade boy loves this series, and his older brother (4th grade) keeps borrowing it to read as well. I'm always happy to find good reading for them that they want more of!
