Customer Reviews

The easy-to-read writing style is quite engaging. So many practical concepts that apply to every day situations.

Everything as expected!

Will Pryor is brilliant, and delightfully folksy. Reading his short and happy guide is like a fireside chat with the master -- covering mediation soup to nuts in an evening. Through vignettes too funny to have made up, Will threads negotiation theory and practical tips for your next mediation -- whether in the advocate's, party's, or mediator's chair. You'll have thoughtfully considered whether mediation is appropriate in your case, why mediation is so popular, what types of mediators and mediation

styles might fit your facts and personalities, how you can prepare yourself, your clients, and the mediator for a successful round, what is likely to happen on game day, and how to avoid land mines along the way. Mediation preparation is different than trial preparation. Will helps us maximize our odds of success in a fun-filled journey.
