Pleasure

Synopsis

How realistic is it to believe that one lover can satisfy a woman's every fantasy? Nia Simone Bijou is a woman who has it all and is driven by the desire for more. Born in Trinidad, reared in Los Angeles, living in Atlanta, Nia is a writer, a thinker, and a woman in conflict. She's dealing with two sides of her Gemini self, feeling as if there are two women living inside her, both struggling for domination. One side of Nia is a logical yet heartbroken person who has never let go of an old pain, while the other side is a sensual woman who will not let her rest, desiring intimacy and sexual freedom, demanding Pleasure. In the sweltering heat of July, loneliness, desire, and a struggle with both the sensual self and fantasy inspire Nia to become sexually adventurous, meeting lovers who arouse her in diverse ways, lovers who give her unimaginable experiences, generous lovers who desire to please her as much as she desires to satisfy them. Fantasies spiral out of control, and with her life on the line, Nia discovers that Pleasure does not come without pain. Filled with passion, populated with characters that are sexually uninhibited, Pleasure is an unforgettable journey into a free-spirited world.

Customer Reviews

Is obsession required to experience the ultimate in sexual fulfillment? Dickey searches for the answer to that question in his latest steamy romance (after *Waking with Enemies*) via Nia Simone Bijoux, a ghostwriter recently moved to Atlanta. A devout Anaïs Nin fan, Nia's in hot pursuit of the perfect lay. Enlivened by sometimes catchy narration (Self-pleasuring was popcorn.... My body was telling me it needed steak), Nia's adventures with identical sins, twins Mark and Karl, introduce

her to the dubious delights of threesomes and more, leading eventually to a showdown with Mark's wife, Jewell Stewark, a TV anchorwoman. Marred somewhat by Nia's pretentious airs (her self-involvement can be crippling to the narrative), this erotic potboiler still delivers its message that saying yes to pleasure can also lead to self-enlightenment. I really enjoyed this book. It also made me think about my own experiences and how I can turn up the heat in the bedroom myself. If you love erotica with a story line, you won't be disappointed with this book. Eric Jerome Dickey has always written great work and this book is no exception.

Very interesting book, there's a lot to digest. The poetic manner in which this journey was described was intriguing. Nia Simone is an interesting character in search of fulfillment and satisfaction. Interesting spin on an affair. I'm still thinking but this review will have to do for now.

I have been a fan of Dickey's for a quite awhile but hadn't followed his most recent publications. I bought this book on a whim to see where he has been heading. Whoa, very nice read with a unique point of view from Dickey. The narrative is from the main's character point of view and provides a nice pace as well as insights to what I would normally consider a "sexual fiction" plot. It may be unfair to call the plot implausible but I found if I took it as a like a science fiction approach, in other words suspend belief and immerse yourself in the character and you'll be OK. This is not a children's novel and some of the subject matter may be disturbing to those used to Dickey's more subtle handling of sexuality in previous novels. I actually found it fun and a quick read. (I think the lady sitting next to me on the plane enjoyed it as much as I did. It certainly led to an interesting discussion.) So as the author suggests "all events were made up and came from my mind", keep it in the back of your mind that this would never really happen in real life and you'll enjoy. Engage

Warp speed.

It's a pleasure to read Mr. Dickey's books. All of them and I have a lot of each and every one is a page-turner. Very easy reading. I really think I am in the book. Thank you.

This was totally outside of the box for Eric Jerome Dickey. The plot was okay, it left me trying to figure out exactly what the "point" of this book was. But I will read about anything. It had some good parts, I just reading something that was outside of the box for the author. I think authors are now trying to keep up with the whole "Fifty Shades of Grey" era and are stepping outside of their comfort zones to do so. It was okay...not the best but okay. I finished the whole book which says a lot...there are some books I can't finish because it's so out there.

I enjoyed reading about the character Nia. I enjoy the way Eric writes his fiction. There is fantasy and real-life issues on hurt and pain and how people deal with it. Nia was hurt in college and this is the foundation of her sexual exploits. I love it!!!!

Excellent

Dickey has done it again. This is another one of his creations that has blown my hair back. I'm still so fascinated by his ability to put you right in the city or on the island and if you know these places you can follow the story in your mind down each exact street. This was a very good jaw-dropping experience.
