The Lemonade Crime (The Lemonade War Series)

Synopsis

Following the laws of our legal system, Evan and Jessie's fourth grade class concocts a courtroom on the playground, putting Scott Spencer, alleged thief, on trial. They create a legitimate courtroom with a judge, witnesses, a jury of their peers and surprising consequences. As she explores the difficulties of fairness, Jacqueline Davies once again reveals how good she is at understanding the complex emotions of children this age.

Grade Level: 2 - 5

Customer Reviews

"The realistic depiction of the children's emotions and ways of expressing them will resonate with readers. Great for discussion, this involving and, at times, riveting chapter book has something to say and a deceptively simple way of saying it." Booklist, starred review
"Short chapters, realistic dialogue and social dynamics, humor, and suspense will keep even reluctant readers turning pages to the satisfying conclusion." School Library Journal

Jacqueline Davies is the talented writer of several novels and picture books, including The Lemonade War series and The Boy Who Drew Birds. Ms. Davies lives in Needham, Massachusetts, with her family. Visit her website at www.jacquelinedavies.net.

My son loves The Lemonade series. I'm always looking for books that he enjoys. We want our son to become a life long reader and providing books that he enjoys hopefully will help us accomplish that goal. He just started third grade doesn't seem to have any problems reading this book. It takes him a little under 15 minutes to read the chapter so he's usually reading a chapter and a half or two chapters night to meet his 20 minute go every day. He hates ending in the middle of the chapter, so fortunately, most nights he ends up reading two chapters which goes over his 20 minutes requirement. Hopefully we can find another series he enjoys reading when he's completed all five books of the lemonade series!

My 6 & 8 year old loved the lemonade war and as soon as we'd finished they were asking to read the next one in the series, which is The Lemonade Crime. We are now up to the third book. They really enjoyed the trial in the lemonade crime and were quite fascinated about how a court worked and how you need evidence of a crime to find someone guilty. I didn't think it was as good as the first book, but my kids really enjoyed it and kept asking to read more and if they are enjoying it that much it deserves 5 stars in my book.

This second book is good. My students and I read the first book and then dove into this one they wanted to read the third but school ended for the summer. This is a wonderful series!!!

This amazing book has a ton of figurative language, cliff hangers, and exciting moments! One of the best things about it is that it's genre is realistic fiction!

My daughter could not keep away from the book until she finished it.

It was a very good sequel to the book but I thought that there should not be another book and it should be left where it is but there now 2 more books that don't have to do with the story at all

A summer read for my 8 year old he loved it.

I initially ordered this book for the kindle. I received both the kindle version (and the paperback book) - it may have been my mistake, but I don't recall ordering both. Nonetheless, this book was so good to my 9 year old that he'd already finished the kindle version by the time the paperback arrived

2 days later! He loves this series and read the entire series in less than a week.
