Customer Reviews

I purchased these for my husband, who has always been a fan of antique-style maps and who needed new bookmarks. Although this is technically a calendar, he didn't use it for that purpose--he simply removed all of the bookmarks from the booklet. There are twelve total bookmarks, as each one is attached by perforated segment beneath each individual month. The maps are beautifully colored and should please both the cartographer and booklover in your life--definitely recommended!

I've always wondered what to do with beautiful calendar illustrations once the year is over. Granted, this is a tiny calendar (I stuck it on the side of my desk top printer at work.), but the little slices of antique maps that then become bookmarks when you remove the month are lovely. Very, very nice item.

Very cool bookmarks. They are sturdy, does not tear easily, and does not bend on the corners easily. Nice stocking stuffer.
