She brings forth Galactic and LeMurian Energies for sharing as well. Her ancient Lineage brought forth thus far includes LeMURian, Atlantean, Syrian, Lyran, Arcturian, Andromedan, The Galactic High Council, The Angelic Realm, The Fairy Realm, Thoth, Pyramids and more. WE have been all things and as we hit that frequency, that comes forth as a memory from within. When you embody it, you ARE it again. No separation. WE exist beyond the matrix, beyond the quantum field AS the Unified Field, accessing knowledge that our human had no capability to do. She brought forth LightBody/Merkaba/HUMAN Star BEing Energy of REMEMBERING, and offers these sessions to assist others with integrating the higher realms inside and unification of all bodies of consciousness as ONE. While assisting others in embodying the higher realms within, she also holds live events, workshops and teaches through online courses and in-person guidance sessions, both group and individual, to assist all in becoming Dimensional Travelers and REMEMBERED Ascended Masters here. She also assists with NEW Earth Transitions and with the evolution of the Crystalline HUMAN Star Being in physical form here. She is the author of Awakening To REMEMBERING: A Journey of Consciousness and spends her spare time home on Kauai assisting others, photographing magnificence and wandering off anywhere a magical connection can be made. The beaches and hiking trails are definitely favorites! WE are all here to find our HUMANITY within and to bring forth Unity Consciousness here. WE are all things REMEMBERED again. INSIDE WE REMEMBER, NEVER TO FORGET AGAIN

You are drawn to this book for a reason. It will answer so many questions about what you're going through-- some you didn't even know you had yet. It's incredibly helpful. My favorite part is the reminders in the back. I keep rereading those any time I feel myself slipping into old thought patterns and it helps me find peace again. So grateful for this book!

The most amazing book on how to recognize your own ascension. I just love the energy Lisa brings forth here for us all to recognize in ourselves.

This book is written for the soul, as only the soul can feel the true meaning of what is shared throughout the pages. For those of us, who know that "this life" is not all there is, in Navigating Dimensions you will find all the answers you already knew, and will help you to keep on living at a

soul level. Amazing tool for those you are ready to let their light shine. Thank you Lisa!

Beyond my expectations! I asked my higher self to bring me the awareness to the next phase of my ascension and OH BUY did it deliver with Lisa's book. If you are wanting to know what it is to live a life As Above or So Below or As Without - So Within then this is the book for you. You will know if your ready for it if you are reading the reviews as you would not have been drawn to this book if you were not able to comprehend where you are on your personal Soul Journey. A must have if you are looking for the understanding of what you have been personally experiencing these past few years. It is an eye opener as well as a puzzle piece fitter. You will not be able to deny any longer who you are and why you are here. Enjoy the ride.

I absolutely love this book!!!! I'm only able to read it 1-3 chapters at a time because it's so packed FULL of insightful aha moments and other activations going on all at the same time and for me (an avid reader), this took a little time for my human to process, then I got validation that that was the whole purpose. I highly recommend this book for any serious seeker, because, trust me it goes deep!!!!

An excellent book for people on "the right stage" of the journey towards ascension. It's not an easy accessible "self help" book, rather one that will take you further and deeper, propelling you forward and provide the missing pieces of the puzzle. This requires that you at least are aware of the ascension process and in need of a guide. This will provide what you need, with love.

This book will "blow your mind away", in a Positive way! It will show you how to live in an awakened state of being centered in the heart. An excellent guide for understanding various dimensions and how to shift in timelines. I use this as a reference often and recommend this book to anyone who is on the path of enlightenment, ascension or awakening.

This book is for everybody on their Ascension path. It speaks about higher dimensional truth which we all carry deep in our hearts. Sometimes it is not easy to verbalize this truth but Lisa does it in a simple and easy to understand way. The vibrational level of the words and their author Lisa is sooo high that you might find yourself easily catapulted to the 5th dimension and beyond. Besides the very valuable information contained in this book, Lisa reminds us of something very important. To withdraw ourselves from everyday distractions, do inner work, establish daily connection with our

Higher Self, and in the end, walk the Earth as our Higher Aspect which we all came here to do.

Thank you Lisa, I love this book so much! Love and gratitude Æ™
