•Thomas I. White, Loyola Marymount University

“This new edition of Business Ethics: Readings and Cases in Corporate Morality is an interesting and unique collection of articles and cases many of which have not appeared in other anthologies in business ethics. The cases, in particular, provide the reader with thoughtful examples that illustrate the theoretical readings.”

Great compendium of the classic pieces. I'm using it as a textbook in an MBA course on compensation at a Christian university. It's not a "sit and read beginning to end" it's a "read some here and there as you build your knowledge of the issues in the social impact space"
