Product Dimensions: 4.2 x 1.2 x 5.2 inches

Shipping Weight: 15.2 ounces (View shipping rates and policies)

Average Customer Review: 3.5 out of 5 stars 12 customer reviews

Best Sellers Rank: #1,589,868 in Books (See Top 100 in Books) #65 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > World Coins](#) #1392 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Antiques Care & Reference > Reference](#) #2986 in [Books > Reference > Encyclopedias & Subject Guides > Antiques & Collectibles](#)

## Customer Reviews

Arlyn G. Sieber is the former editor of Numismatic News and Coins magazine, and has edited or contributed to North American Coins & Prices, the second edition of World Coins & Currency in the Warman's Companion series, Gold Rush, and Instant Coin Collector. Arlyn is a 25-year member of the ANA and the Central States Numismatic Society.

I wanted something that would first help me identify coins from unfamiliar or no longer existing countries. Also wanted way to figure out how to estimate a coin's worth. This guide fell short on both accounts. It was an interesting historical guide to familiar coinage and gave good ideas on how to preserve coins so it is not completely without value.

Everything from the transaction to the product and price was excellent!!!

Not enough information or different types of coins available in this book. I could not find the coins I was searching for. They were common coins too.

An arbitrary selection of a limited number of world coins, its value is questionable.

I got this for an 8 year old, and it is probably too advanced for her. But it did help identify coins she had collected so that was a plus. It is nice to have it in one place rather than try to search the web for each coin.

This is another book that I ordered for a ten year old who has become very interested in coin collecting. He is not a good reader but the clear pictures and good writing are just what he wanted.

Nice Short Fat Book easy to read, large images. Fits good in your hand. Not a long read but nice to take on short trips when you know you'll have 10-20 minute increments of time to burn.

This is a little book well put together, but it doesn't have catalog numbers. Yeoman's Modern World Coins will serve the reader better.
