Customer Reviews

His Amish Romance by Samantha Price is book two of a series about seven brothers and what is

going on in their lives. I know if you have read *The Amish Bachelor*, that you can't hardly wait to get your hands on this second book, so hurry and get it and continue reading what is going on. You are really going to be in for a surprise when you read this one. At times you are going to be very sad, then in the next line you will be happy. Levi is going to be sent out on some new worries about what is going on in his life when it comes to Lucy, one minute he sees himself married then look out here come that Mary Lou again, this woman if that is what you want to call her is one of the most unstable person. I really advise you to read this book and make up your mind about what is going on in every one's lives and then head to make a review on the book, I will check back and see who else makes a review and if they find Mary Lou to be such a not so nice of a person as I feel that she is an always will be. Just remember to let Samantha know how much you love her books because they are very good, she can make the words on paper jump right off and puts you right there in the story. Also tell others that they need to start this series of books that they will not be sorry and also make a review and pass on your feeling about it.

I am hoping there is a sequel and Mary Lou will finally find a man that loves her as she is. What a complicated mess we can get into listening to Gossip. We have all had friends that used us when we opened our hearts and tried to be good to them. Friendship with a friend that uses instead of loves is a difficult thing for Lucy. I enjoyed this book by Samantha Price.

Wow...I was reading so fast but now I was sad that it finish. I can't wait to the next one....Joshua story

Again our wonderful author, Samantha Price, has given us a fantastic story. Her Amish Romance is the second in a series about the love life of seven Amish brothers. Levi and Lucy are in love. Then Mary Lou appears on the scene again just in time to cause trouble. Will that girl ever learn her lesson? It takes Time and understanding, but things will work out all in God's timing. Please pick up Samantha's book today. You will be hooked from the first sentence.

Ms. Samantha Price has a winner with this book. She had a great storyline, a style that I had not expected.. she managed her plot in such away that I was not able to guess the ending for a long time. I liked all the characters except Mary Lou and she had a large role in the story. I won't say more or I would be giving the plot away. I hope you enjoy the His Amish Romance.

I loved the first book and felt just the same after finishing this second one! Samantha Price has just the most perfect way of putting that "little twist" in her stories that gives them a special "flavor"!

An easy read - liked the characters - lessons to be learned - typical but that's ok it's. Ice to read a good clean book
