# EXPERTddx: Chest: Published By Amirsys<sup>®</sup> (EXPERTddx (TM))

## Synopsis

Like other volumes in the cutting edge EXPERTddx series, this deluxe and superbly illustrated reference book represents the latest in imaging of the chest from Amirsys, the world's leader in medical information systems. EXPERTddx: Chest will guide radiologists toward logical, on-target differential diagnoses based on key imaging findings and clinical information—all classified anatomically—making it today's chest imaging reference book of choice. Designed specifically with the busy practitioner in mind, the reference presents the most useful differential diagnoses of chest-related conditions. Each differential diagnosis includes at least eight clear, sharp, succinctly annotated images; a list of diagnostic possibilities sorted as common, less common, and rare but important; and brief, bulleted text offering helpful diagnostic clues. EXPERTddx: Chest presents more than 115 of the most useful differential diagnoses specific to chest-related conditions, each lavishly illustrated. With some 1,700 images and authoritative annotations, this unique reference will surely become the go-to resource in diagnosing chest conditions. The companion online Amirsys e-Book Advantage provides hundreds of additional annotated images and references.

## Book Information

Series: EXPERTddx (TM)

Hardcover: 500 pages

Publisher: Lippincott Williams & Wilkins; 1 Har/Psc edition (December 10, 2010)

Language: English

ISBN-10: 1931884129

ISBN-13: 978-1931884129

Product Dimensions: 1 x 8.8 x 11 inches

Shipping Weight: 3.9 pounds (View shipping rates and policies)

Average Customer Review: 3.0 out of 5 stars 2 customer reviews

Best Sellers Rank: #645,131 in Books (See Top 100 in Books) #30 in Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Surgery > Thoracic #83 in Books > Medical Books > Medicine > Surgery > Thoracic & Vascular #139 in Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Radiology & Nuclear Medicine > Diagnostic Imaging

## Customer Reviews

great product

They renege on giving online access, just announce they're revoking it for all previous editions of books. Beware, and avoid this company. They did this in previous editions, and will likely do it again. Online access is essential.
