The third book in the Unfortunate Fairy Tale series. All that glisters is not gold. Whoa. Just whoa. When I read the first two books in the Unfortunate Fairy Tale series, I didn't expect to fall in love with the series. Well, now I am in love with the series and the characters. Not a fan of Brody, though, sorry... Anyway. This is what you feel like when you read Fable by Chanda Hahn. First, you feel pretty good, and excited, hungry to know what is going to happen next. So far, so good, you're into it... then something happens, and you start to panic. You're like... what? You

can't believe it. Neither can Mina. You start to get scared, nervous that something else is going to happen that is going to be bad. Well, you start to relax when nothing bad happens. There are good, funny parts that make you laugh or smile. Then you reach the, No! part. Then later on, things get better, and you're like, whoa, this is awesome, I love this book, oh my gosh is this really happening? And then, you reach, THE PART. The Part of horror that scares you, makes you cry, makes you panic, You cry, you sob, you beg, no, no, no! And then you have to wait for Reign, and guys, Reign doesn't really help that much, sorry. Okay. This book is amazing. This book is worth the read, please, please, please read it! It is really, really good, though the end isn't all that great. Why I love Fable. SPOILERS, SPOILERS, SPOILERS!!!!!!!!!!!!!!!!!!!!!! love it when Mina and Jared have their tickle fight. When they laughed and tickled each other, and had a good time, I was happy because they were happy. When Jared said that he was there for her when she was scared to go to school because Charlie was dead, gone, she believed him. And then Mina and Jared go to this certain place, and I love it when he grabs her before she falls. I also love it when they ride his motorcycle together. And at the end, when he kissed her, I was so, so, so, so happy, I screamed with delight, happy that they were having their happily-ever-after. Then stupid Teague has to go and ruin the moment by stabbing Jared. Teague tricks Mina and now she is alone without Jared. In Forever, Jared better come back! This book is really good. Please get it. All that glitters is not gold...

This book is the 3rd book in the series of Unfortunate Fairy Tales, by Chanda Hahn. The first book when I purchased it is listed for free UnEnchanted (An Unfortunate Fairy Tale). I really love when the authors do this because most of the time I end up reading the whole series as a result of getting the first one free. The book was great, perfect for a young teen or adult. I loved that it kept you guessing. Toward the end of the books, I was ready for a fresh twist of events and that is what they gave me. I would read it again and love the character development over the course of the books in the series.

Keeps getting better and better.....and better at making me scream, smile, laugh, cry and run to the next book. No spoilers. The books just get more exciting and action packed each time. I just finished book 3 and i'm dying to read 4, (DYING!) but it's almost 3am and I must sleep...I must....I did a silent scream!!! at the final chapter. The cliffhangers are too much....

When I read a series I look forward to each book giving me something new and adding on to the series's story. Chanda Hahn's Unfortunate Fairy Tale series does just that. Each

book in the series manages to provide an episodic-type story while still continuing the main storyline. Fable, the third book in the series, continues this concept and is a wonderful addition to the series. What I enjoy most about Hahn's series is her creative take on the Grimm lore and how the fairy tales are incorporated into the story. Hahn created a story where there is more beyond what you know. Each book you learn something new about Mina and the Grimm curse, providing twists that bring the story and series to a new level. In Fable, you (along with Mina) gain further insight into the curse, Teague, and Jared. By the end of the book, you are left reeling from the many revelations and are anxiously waiting for the next book in the series to come out. With everything that is going on, the book still retains the charm and fun that existed from the very first book. Mina, while having grown from the first time you meet her, is still that insecure and awkward teenager. You still feel for her and she still has the ability to come off strong while still being vulnerable. You sympathize with her attempts to do the right thing at the cost of her own happiness in both her quest to eliminate the curse and her personal life, specifically her feelings for Brody and Jared (and if you are a fan-which I am-of Mina/Jared coupling this book will finally provide some long-awaited moments between these two). Fable was another entertaining installment in Hahn's An Unfortunate Fairytale series. It retained its charm found in previous books while providing action and some romance. The revelations revealed in this book adds new layers to Mina's journey that will make you eager to read more and find out what happens next.

At first read, I loved this book because the heroine was starting become her own person, stronger in who she really was. With each quest, she became more confident. This third book in the series lacked a little luster in the plot development; I thought the author would incorporate more of the school's musical theme into the quest, but that just fizzled out. And as I recall from the three I've read so far, it seems like Mina's always getting the short end of the stick and getting her heart broken, either because she's got too big a heart for others or because she's being screwed over by someone else. Hope the next one is a little more positive in the ending. Other than that, it's a good read.
